PROPOSED COUNTER FEES FOR BOAT, SNOWMOBILE & ATV REGISTRATION
2001-2003 BIENNIAL BUDGET STATUTORY LANGUAGE

Addendum to LRB 0350/1: Transaction Fee for ALIS Vendors

Statutory language is requested to: (1) create a \$2 counter fee for ALIS vendors who do registration renewals for boats, snowmobiles or ATVs, similar to the \$2 transaction fee for sport licenses; and (2) broaden the Department's current statutory authority to appoint outside agents and allow those agents to collect a counter fee.

The attached table of Proposed Counter Fees for Boat, Snowmobile and ATV Registration itemizes the desired outcome. It identifies: (a) three types of vehicles—boats, snowmobiles and ATVs; (b) three categories of registration—original, transfers and duplicates; (c) three manners of obtaining registration forms and decals—mail in, expedited service and validations (i.e. temporary registration); and (d) three agents who may process registration applications—DNR, ALIS vendors, and dealers (i.e. typically businesses who buy, sell or repair boats, snowmobiles or ATVs). The table shows the desired outcome for each possible combination. (Note: Many cells in the table are not applicable in that they either do not exist or are not desired; the information is provided solely for clarification to aid in drafting the request.)

Highlights of the table include:

1. Customers will continue to be able to register all vehicles by mailing completed registration forms and registration payment to DNR with no counter fee. There is never a counter fee for this service.
2. Customers will continue to be able to obtain validation (i.e. temporary registration) for snowmobiles or ATVs at a DNR office with no counter fee. There is never a counter fee for this service at DNR.
3. Expand current statutory language to allow the Department to appoint independent agents (non-ALIS) to provide validation (i.e. temporary registration) for snowmobiles and ATVs, and create a new \$3 fee for this service. The dealer will retain the entire fee.
4. Currently there is a \$3 fee for expedited service. It is split \$2 to DNR and \$1 to the agent. The Department wishes to modify the current language in the following ways:
 - a. Re-define the \$3 fee as a "counter fee" for registration and expand its application. As proposed, the \$3 fee applies to: (1) any registration obtained via "expedited service" and (2) any validation service provided by a dealer for snowmobiles and ATVs (item 3 above).
 - b. Change how the \$3 fee is split. (1) If the service is provided through the ALIS system, the ALIS agent retains \$2 and \$1 goes to DNR. (2) If the service is provided outside the ALIS system, the fee is \$3 and the entire \$3 is retained by the agent who conducts the transaction (item 3 above).
5. The ALIS system is limited to only providing "expedited service" for registration renewals. It does not provide originals, transfer of ownership, or duplicates. The vendor's portion of the fee is limited to \$2 because less work is involved---the system is automated and vendors are not required to help customers complete registration forms.

Supplemental Information

A. Applicability

1. If the dealer is the owner of the vehicle (new or used) and is selling the vehicle to a customer, current statutes governing original registration (new) or change of ownership registration (used)—including fees—apply. This statutory language request is not intended to modify any of these statutory provisions.
2. “Void” means that the validation procedure is never used in the boat registration process. Because boat registration forms contain a “self-validation” portion that is retained by the customer, the customer can operate the boat as soon as the form is completed and mailed. There is no need for a separate “validation” or “temporary registration” process for boats. In contrast, a snowmobile or ATV owner cannot operate their vehicle based solely on completing the form and mailing it in. In order to operate a vehicle, snowmobile and ATV owners must either wait for the Department to return the required registration form and numbered decal or they can use the “validation/temporary registration” process.
3. “NA” means that the office/agent listed does not currently provide this service, and the Department does not plan any such arrangement in the future.

B. Definitions

1. “Validation” is a form of temporary registration that lets a snowmobile owner or ATV owner operate their vehicle while waiting for the approved registration form and numbered decal from DNR. The person must visit either the DNR or an approved agent, turn in a completed application form, and make the registration payment. In return, the person receives a receipt. The receipt can be used as authorization to operate until the registration form and decal are received.
2. Expedited service means that the customer receives a receipt and a numbered decal at the time the transaction is conducted and can operate the vehicle immediately. The current statutory language definition of “expedited service” is sufficiently broad to incorporate this operational definition, and no statutory changes are requested in the definition. Note: The DNR still issues the actual registration when “expedited service” provided by an outside agent. The agent is not actually issuing the registration.
3. A new statutory definition is needed for ALIS. The drafter should use the definition proposed in the Department’s statutory language request for Duplicate Licenses. This definition is “Automated license issuance system means a network of computer terminals at license agents that provide for the issuance of licenses and other approvals.”

C. Counter Fee & Revenue Allocation

1. A dollar amount listed above (either \$3 or \$0) means that the service is provided by the office/agent listed and there is either a charge or the service is free (i.e. no counter fee). There is never a counter fee if registration materials are mailed to the Department.

2. If a fee is charged, it is always \$3. However, there are two separate fee categories: (a) fees for any transaction issued through the ALIS system; and (2) fees for any transaction issued outside the ALIS system. The key distinguishing feature is that ALIS will only handle renewals; ALIS will not handle originals/transfers of ownership, duplicates or validations.

The two fee categories also differ in how the revenue is divided:

- a. Transaction through the ALIS system: The fee is \$3. \$2 is retained by the ALIS agent. \$1 reverts to the Department to help cover the costs of ALIS programming. Fees in this category are highlighted in gray in the above table.
 - b. Transactions outside the ALIS system: The fee is \$3. The entire \$3 is retained by the agent who conducts the transaction, whether it is the Department or an external agent of the Department.
3. The counter fee is separate from the \$2 transaction fee proposed for ALIS agents for Chapter 29 recreational approvals. For example, if a customer buys a fishing license and a trout stamp and also renews his boat registration in a single visit to an ALIS agent, then there is a single \$2 transaction fee for the Chapter 29 approvals and a \$3 counter fee for the vehicle registration.

Subject: Answers to your questions

I am sorry to be a little slow getting back to you from this morning. Rita was in meetings and wasn't able to meet until about 11 o'clock.

I thought that a written response might be easier and then we can talk in person to discuss any loose ends.

1. On boats, you wanted to know what separate pieces of paper people have to carry. I thought it would be easiest if we go through all the vehicles while I am on this topic.

BOATS: A person gets 3 things, 2 of which must be on the boat when in use: (1) a certificate of number--official 6 digit number that stays with the boat with any owner--and must be carried on the boat. It has national recognition.

(2) decal--not numbered and must be on the boat.

(3) certificate of title--does not have to be on the boat. *plus card*

ATVs: A person gets 2 things:

(1) a numbered decal (may be multiples if the person operates in more than one state)--must be on the vehicle.

(2) a registration certificate--not on the vehicle.

SNOWMOBILES: A person gets 2 things:

(1) a numbered decal (may be multiples if the person operates in more than one state)--must be on the vehicle

(2) a registration certificate--not on the vehicle

In preparing this list, Rita tried to use the actual language in statutes--sometimes it gets confusing when we use multiple names for the same item.

2. Under duplicates, you wanted to know if this includes the "replacement title" for boats.

The answer is yes. We discovered that technically, the word "duplicate" does not seem to be used in the statutes. We probably should have used the term "replacement title" which is what the term used in the statutes; "duplicate certificate" is the term used in NR 5. At any rate, a person can get a replacement title for two reasons--loss of the original or an error in the original and we are including both in our table. I don't know that you need to write this distinction into the statutes.

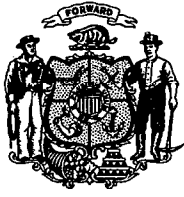

3. You raised a question about why we have two separate cells in the table, each at \$3 for ATVs and snowmobiles for "expedited service" and for "validation/temp registration." You wanted to know if these distinctions can be merged and what the real difference is. At first glance, we seem to be splitting hairs.

Expedited service for \$3 includes the decal and the temporary registration form.

Validation/temp registration for \$3 does not include the decal and is only the temporary registration form.

This distinction is really an interim solution, and eventually they probably will be rolled together. But in the interim, we do not have the ability to make sure that every dealer who wants to accept registration applications on our behalf gets numbered decals. These numbers have to be managed and accounted for. So during the transition, we need to preserve both options.

Rita and I are both more than glad to help with questions, given the complexity of the topic and task. So please feel free to call as needed. We also appreciate the questions and issues that you are raising.

1. This draft is technically very complicated, although I tried to retain enough flexibility for the department to be able to use the new computerized system to issue any combination of registration documentation. Please review it and check all the cross-references created in the draft carefully.

(X) 2. In suggesting any changes to this draft, **please** call me to discuss them and we'll go over the draft together. **Please** do not e-mail me, retype sections of the draft, or even mark up the draft. I am requesting this due to time constraints. If we do not follow this procedure, I cannot be sure that this draft will be ready in time for inclusion in the budget.

(R) 3. Note the changes in the definitions of "certificate of number" under s. 30.50 (3) and and registration under s. 30.50 (10). I made these changes due to my understanding that there is a certificate, a card, and decals.

(N) 4. I did not draft language for the issuance of replacement (duplicate) boat titles in light of the procedure and requirements found in s. 30.54, which seem to make an expedited service procedure unworkable. If you do want expedited service for boat replacement titles, you will need to let me know how you want to restructure the procedures and requirements in s. 30.54. ~~Please call me to discuss this.~~

5. Regarding transfers: For boats, I assume that titles, not certificates of numbers or registrations, are transferred, and the new owner just applies for a new certificate of number or registration under s. 30.52 (1). For all-terrain vehicles and snowmobiles, the draft uses the same procedure for transferring all-terrain vehicle certificates as it uses for issuing them in the first place. Please review carefully. *pe*

6. Under current law, agents may be appointed to renew commercial all-terrain vehicle registration certificates and commercial snowmobile certificates. See s. 23.33 (2) (m) and 350.12 (3h) (e). I have eliminated this authority since it is my understanding that this type of registration certificate will not be issued by these agents.

7. Under current law, there is no statutory requirement that ATV dealers assist customers with mail-in registrations but there is for snowmobile dealers. The administrative code will not fit with this legislation if it is enacted. See NR 64.06 (1),

Wis. adm. code. Do you want language for ATVs in the statutes that is similar to the snowmobile statutory language?

Under current law, DNR administers the registration system for all-terrain vehicles, boats, and snowmobiles. Current law authorizes DNR to appoint agents, who are not employed by DNR, to issue all-terrain vehicle (ATV) and snowmobile registration certificates and certificates of number and registration certificates for boats. Also, also under current law, DNR may establish an expedited service for renewals of these registration documents, which may be provided by the agents or by DNR directly. Current law imposes issuing fees when the documents are issued by agents and authorizes an expedited service fee when the expedited service is provided by DNR or agents. Under current law, agents keep a portion of these fees.

This bill changes the expedited service system by authorizing the establishment of a noncomputerized procedure and a computerized procedure for issuing original and duplicate registration documents and for transferring and renewing these documents. Under either procedure, DNR or its agents issue adequate documentation so that the registrant is able to immediately operate the ATV, boat, or snowmobile in compliance with the applicable registration laws. Under both systems, DNR and the agents collect an expedited service fee of \$3 from the registrant. Agents using the noncomputerized system retain the entire fee while agents using the computerized system send \$1 of each \$3 fee to DNR. Under the bill, DNR may continue to provide a registration service that does not use any expedited service procedure and for which no expedited service or issuing fee is charged.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

Subject: LRB-1622/1 - Expedited service fees

Robin,

Another of Mary's drafts -- Could you please make the following changes to LRB-1622/1:

1. Page 10, line 15, I think Mary wants it to read "the department or the agent" (i.e., there's an extra "the department") but I'm not sure if she did want to list a third person.
2. Mary did not repeal s. 350.12 (3h) (f). I think this should be repealed. The language is the same as s. 23.33 (2) (n), which she repeals on Page 6, line 11. The new language in Section 84 of the draft includes renewals for snowmobiles.
3. Do you know if Mary sent a copy of the latest version to DNR for a final checkover? *I did not.*

Let me know if you have any questions.

Thanks,

Kirsten
