REVISE s. 36.25(13m) REGARDING THE MEDICAL STUDENT TRANSFER PROGRAM TO UPDATE OBSOLETE STATUTES AND PROVIDE CLARITY

Language Changes Needed

Revise s.36.25(13m) as shown below with strikeouts of current text that is to be deleted and italicization of language to be inserted.

“Medical student transfer program. The board shall establish a program in the ~~Center for Health Sciences~~ *Medical School* of the University of Wisconsin-Madison ~~involving to consider~~ the transfer of residents of this state from foreign medical schools after their 2nd year of study ~~or involving a 5th year of clerkship following their completion of 4 years of study at a foreign school.”~~

Background and Justification

The rewrite of the statute is recommended for the following reasons:

- (a) There is no longer a Center for Health Sciences. Medical School enrollment policies and programs reside within the Medical School.
- (b) The current language may lead some to believe that the Medical School has a formal program to which residents attending foreign medical schools are automatically granted enrollment. Instead, the School merely considers these students along with others seeking transfer to it.
- (c) The 5th Pathway option is not available at the University of Wisconsin Medical School or at other medical schools in the United States.

This proposal would update obsolete statutory references and provide greater clarity on the operations of the Medical Student Transfer Program.
