Adopt Freestanding Motion 1075, which increases the existing state recycling tipping fee, creates a new state tipping fee, and changes grant formulas and amounts.

560.031  
in sub amt  
a. Repeal the requirement that Commerce annually contract for the operation of a statewide materials exchange program that received funding from the RMDB in the 1997-99 biennium. (The RMDB provided \$100,000 in each of 1999-00 and 2000-01 to the Business Materials Exchange of Wisconsin.)

b. Direct the RMDB to give priority to grants, loans or manufacturing rebates for projects that involve recovered materials that either: (1) constitute a relatively high volume of solid waste generated in the state; or (2) are hazardous to human health or the environment.

c. Direct the RMDB to allocate up to \$200,000 annually for forgivable loans for projects that have exceptional potential to meet one of the existing four criteria that the RMDB must consider before awarding financial assistance, but that do not comply with the standard criteria established by the RMDB or Commerce to meet their fiduciary responsibilities in managing state resources.

d. Direct the RMDB, in consultation with the Council on Recycling, to annually establish a list of materials recovered from solid waste for which it may award financial assistance.

289.01(17)

11. *High-Volume Industrial Waste Recycling Market Development Financial Assistance Program.* Provide \$106,300 SEG in 2001-02 and \$425,000 SEG in 2002-03 in a biennial appropriation to create a new financial assistance program to be administered by the RMDB. Direct the RMDB to award grants or loans under the program to: (a) develop markets for high-volume industrial waste (defined as fly ash, bottom ash, paper mill sludge or foundry process waste); or (b) assist generators of high-volume industrial waste in marketing of high-volume industrial waste. Before awarding a grant or loan under the program, direct the RMDB to consider whether the project does all of the following: (a) maximizes the marketability of high-volume industrial waste on a statewide basis; (b) minimizes the amount of high-volume industrial waste disposed of in landfills; and (c) maintains present markets or creates new or expanded markets for high-volume industrial waste. Create a program revenue appropriation to receive all repayments of loans made under the program, and authorize the RMDB to use the program revenue appropriation to award grants or loans under the program.

12. *Department of Corrections.* [LFB Paper #697] Approve Alternative F.1. to approve the Governor's recommendation to provide \$145,800 SEG in 2001-02 and \$145,600 SEG in 2002-03 and 4.0 SEG positions annually for the computer recycling program. (No action necessary.)

13. *University of Wisconsin System.* [LFB Paper #697] Approve Alternative G.3. to maintain current law funding of \$204,900 SEG annually with 0.5 SEG position for the UW System solid waste experiment centers and grants by the Solid Waste Research Council.

14. *University of Wisconsin - Extension.* [LFB Paper #697] Approve Alternative H.3. to maintain current law funding of \$336,900 SEG and 4.0 SEG positions for the UW-Extension Solid and Hazardous Waste Education Center.

15. *Toner Cartridges.* Prohibit the Department of Administration, every other state
