ALZHEIMER'S FAMILY AND CAREGIVER SUPPORT PROGRAM

CN2504

Move to provide \$155,100 GPR in 2001-02 and \$230,200 GPR in 2002-03 for the Alzheimer's family and caregiver support program to provide services for families that are not eligible for Family Care, but who would be otherwise eligible for AFCSP, in counties that operate a Family Care care management organization (CMO).

Also, change current law to retain the funds for the AFCSP in Family Care counties when an Alzheimer's patient dies, instead of the funds being transferred to Family Care. Thus funding more Alzheimer's patients down the line.

FB/JFC Motion: JFC Motion 703 and LFB Summary of Governor's budget, pages 398-399, Item 1

Fiscal effect: \$155,100 GPR 2001-2002
\$230,200 GPR 2002-2003
TOTAL OVER BIENNIUM: \$385,300 GPR
(Not new funding—shift of funds within Family Care budget allocation)

46.40 (9) (a) (intro.): delete "amount allocated under sub. (8) to that county and"

Alzheimer's Family and Caregiver Support Program

Motion:

Move to provide \$115,100 GPR in 2001-02 and \$230,200 GPR in 2002-03 for the Alzheimer's family and caregiver support program to provide services for families that are not eligible for Family Care, but who would otherwise be eligible for AFCSP, in counties that operate a Family Care care management organization (CMO).

Note:

In Fond du Lac, La Crosse, Milwaukee, Portage and Richland Counties, which all currently operate a Family Care care management organization, new applicants to the Alzheimer's family and caregiver support program are eligible for these services through Family Care if they meet the eligibility requirements of Family Care. This motion would allow applicants who do not meet the Family Care eligibility requirements but whose annual income is equal to or less than \$40,000 to receive services under the Alzheimer's family and caregiver support program.

The Alzheimer's family and caregiver support program funds services and goods to persons with Alzheimer's disease or irreversible dementia and their families (or caregivers) to enable the family to maintain the person with Alzheimer's disease as a member of the household. Participating families receive a variety of services, including supportive home care, adult day care, respite care, support groups and case management services. In addition, the program funds certain purchased goods, such as nutritional supplements, specialized clothing and chair lifts. Participating families may receive a maximum benefits of \$4,000 in each calendar year. In order to be eligible for the program, the total adjusted gross income of the individual with irreversible dementia and his or her spouse may not exceed \$40,000.

A person is financially eligible for the Family Care benefit if, as determined by DHFS or its designee, the person: (a) is eligible for MA and accepts MA unless he or she is exempt from the acceptance under DHFS rules; or (b) could qualify for MA except for financial criteria and the projected cost of the person's care plan, as calculated by DHFS or its designee, exceeds the person's gross monthly income, plus one-twelfth of his or her countable assets, less deductions and allowances permitted by DHFS rule.

[Change to Bill: \$345,300 GPR]

SDC:.....Keckhaver – CN2504, Alzheimer’s family and caregiver support program
