mes

Local Professional Baseball Park District  
Stadium District Board

CN1116

Modify the population threshold of the Local Professional Baseball Park District Board statute (s. 229.67) to increase the population threshold to 600,000, so that a new Stadium District Board is not automatically created if Dane County's population exceeds 500,000.

*229.67 Jurisdiction. A district's jurisdiction is any county with a population of more than 500,000 and all counties that are contiguous to that county and that are not already included in a different district. Once created, a district's jurisdiction is fixed even if the population of other counties within the district subsequently exceed 500,000. Once a county is included in a district's jurisdiction the county remains in the district until the district is dissolved under s. 229.71. In this section, "contiguous" includes a county that touches another county only at a corner.*
