Solid and Hazardous Waste Facility Siting Negotiation and Arbitration Process

OK

Motion:

Move to add to the list of items that are subject to arbitration under the solid and hazardous waste facility siting negotiation and arbitration process, compensation to any person for substantial economic impacts that are a direct result of the facility's receipt of waste generated outside of Wisconsin.

Note:

The statutes, under s. 289.33, provide a process for negotiation and arbitration between the applicant for a license to establish either a solid waste disposal facility or a hazardous waste treatment, storage or disposal facility and a committee representing the affected municipalities to assure that: (a) arbitrary or discriminatory policies and actions of local governments which obstruct the establishment of solid waste disposal facilities and hazardous waste facilities can be set aside; (b) the legitimate concerns of nearby residents and affected municipalities can be expressed in a public forum, negotiated and, if need be, arbitrated with the applicant in a fair manner and reduced to a written document that is legally binding; and (c) an adequate mechanism exists under state law to assure the establishment of environmentally sound and economically viable solid waste disposal facilities and hazardous waste facilities.

Currently, the applicant and the local committee may negotiate with respect to any subject except: (a) any proposal to make the applicant's responsibilities under the approved feasibility report or plan of operation less stringent; and (b) the need for the facility.

If agreement is not reached after a reasonable period of negotiation, the applicant and the local committee may submit a joint written petition to the Waste Facility Siting Board to initiate

LFB:.....Bonderud – Landfill negotiation and arbitration process

FOR 2001-03 BUDGET — NOT READY FOR INTRODUCTION

LFB AMENDMENT
