Dear Dick,

I am happy to be advised that Trig Solberg's preliminary presentation of the Rhinelander "River Museum" project was favorably received by the DNR.

I hope funding for the coordinator position will be approved so that we can continue to go forward with this exciting and informative venture.

I understand that you have the presentation material in your office and should you need any additional or updated information we have formed a small local committee that would be available to discuss the project in more detail at any time.

Sincerely,

Thomas H. Cleary
