ADMINISTRATION OF GLUCAGON TO DIABETIC PUPILS BY CERTAIN SCHOOL EMPLOYEES -

CIVIL IMMUNITY

This amendment would provide civil immunity for certain school employees and volunteers who administer glucagon to any pupil who appears to be experiencing a severe hypoglycemic event if, as soon as practicable, the school bus operator, employee or volunteer reports the event to emergency medical service providers. This language is provision is consistent with 1999 Wisconsin Act 126 which granted similar immunity to school personnel who administer epinephrine to students in need. There is no health risk associated with the administration of glucagon to an unconscious diabetic. The Department of Health and Family Services also recently adopted rules treating glucagon in a manner similar to epinephrine for the purposes of their basic EMT rules. **LRB/FISCAL BUREAU HISTORY: NEW.**
