Nonpoint Program Funding
[Papers #675, 676 and 677]

Motion:

In Paper #675, move to include alternatives:

A1 (approve the Governor's recommendation to convert \$5,167,700 SEG in 2001-02 and \$5,168,700 SEG in 2002-03 with 16.5 DNR positions and \$4,876,100 SEG annually with 11.0 DATCP positions from the nonpoint account of the environmental fund to GPR and make related appropriation changes, including repealing a supplemental title fee matching GPR sum sufficient appropriation that was estimated at \$10.7 million annually and related provisions that deposit GPR in an amount equal to the annual revenues generated from the \$7.50 automobile title transfer fee to the segregated nonpoint account of the environmental fund);

B1 (transfer \$5,100,000 from the environmental fund to the general fund); and

C3 (maintain current law).

In regards to Alternatives section D, specify that local match requirements of 30% for a second staff person and 50% for any additional staff persons for DATCP staffing grants are minimums and determined by DATCP. Further, for a grant award before 2010, require DATCP to require a county to provide matching grants for priority watershed project staff equal to not less than 10% nor more than 30% of the staff funding that was provided to the county for 1997 for a priority watershed that was designated before July 1, 1998, as long as it is before the termination date that was in effect on October 6, 1998, for the priority watershed project.

Further, address Alternatives section E by prohibiting DNR from extending funding for a designated priority watershed or priority lake project under the nonpoint water pollution abatement program beyond the ending date for the nonpoint source grant agreement period that was in effect on January 1, 2001, unless DNR determines a delay in implementation was caused by conditions beyond the control of the landowner such as inclement weather, the implementation of the Conservation Resource Enhancement Program (CREP) or the availability of contracts. If DNR determines that such a delay occurred, allow DNR to extend the funding termination date for that landowner for up to one year.

In Paper #676, include Alternatives #1a and #5, which would approve the Governor's recommendation to provide an increase in general obligation authority of \$7 million BR for cost-shares under the DATCP land and water resource management grant program and provide an increase in general obligation authority of \$19,000,000 BR for cost-shares under DNR's rural nonpoint source water pollution abatement program.

Address Paper #677 by providing an increase in general obligation bonding authority of \$4.7 million for cost-sharing grants under the urban nonpoint source water pollution abatement program. Further, provide \$9,000,000 in general obligation bonding authority in a new appropriation for municipal flood control and riparian restoration cost-share grants.

[Change to Base: -\$1,311,600 GPR, \$5,100,000 GPR-REV, -\$20,088,600 SEG, -\$26,500,000 SEG-REV and \$39.7 million BR]

[Change to Bill: -\$700,000 BR]

description: Delete the following language from FM296 to Paper 675: "In regard to Alt. Sec. D. specify that local match requirements of 30% for a 2nd staff person and 50% for any additional staff persons for DATCP staffing grants are minimums and determined by DATCP."

other notes 6/8 - instead of deleting, sub this: "In regards to Alternatives section D, specify that local match requirements for DATCP staffing grants are 30% for a second staff person and 50% for any additional staff persons as determined by DATCP by rule."

drafting instructions: Modify Freestanding motion to Paper 657 by deleting some language.

CN 1056 -- revision

Rather than delete the entire sentence:

"In regard to Alternatives section D, specify that local match requirements of 30% for a second staff person and 50% for any additional staff persons for DATCP staffing grants are minimums and determined by DATCP."

Instead, substitute the following sentence for the one above:

"In regards to Alternatives section D, specify that local match requirements for DATCP staffing grants are 30% for a second staff person and 50% for any additional staff persons as determined by DATCP by rule."
