Grazing Initiative Motion (needed to correct motion 826 point 21)

CN2012

Replace the language in point 21 with the following:

Provide \$100,000 PR annually from tribal gaming revenues to the University of Wisconsin-Extension for the multi-agency land and water education grant program for grants to provide funds for educational and technical assistance in management intensive grazing. Create an annual appropriation under UW-Extension for this purpose with reversion of unencumbered balance provisions consistent with other tribal gaming revenue appropriations. Prohibit the encumbrance of funds from this appropriation after June 30, 2006.

In

17. Provide \$50,000 PR in 2001-02 to the Department of Workforce Development to fund a Trade Masters Pilot Program that would recognize advanced training and post-apprenticeship achievements in three trades, crafts or businesses one of which would be the industrial sector, one in the construction sector, one in the service sector of the economy. Require the Department of Workforce Development, by July 1, 2010, to submit an evaluation of the effectiveness of the pilot program to the Legislature.

18. Provide \$500,000 in each of 2001-02 and 2002-03 as a one-time grant to the Town of Swiss in Burnett County and the St. Croix Band of Chippewa for design, engineering and construction of wastewater and drinking water treatment facilities.

19. Provide \$30,000 PR annually in tribal gaming revenues to DNR for a study of crop damage caused by cranes. Funding would be one-time in the 2001-03 biennium only.

20. Provide \$10,000 PR in 2001-02 to DNR for a grant to the Wisconsin Conservation Hall of Fame.

21. Provide \$100,000 PR annually from tribal gaming revenues to the University of Wisconsin-Extension for the multi-agency land and water education grant program for grants to producers interested in grazing and nutrient management. Create an annual appropriation under UW-Extension for this purpose with reversion of unencumbered balance provisions consistent with other tribal gaming revenue appropriations. Prohibit the encumbrance of funds from this appropriation after June 30, 2006.

Grants would be awarded on a competitive basis for innovative educational or conservation practice assessment programs targeted at agricultural producers in the state. Applicants could include, but would not be limited to: (a) conservation districts; (b) state agriculture and natural resource agencies; (c) the Natural Resource Conservation Service; (d) University of Wisconsin; (e) nonprofit organizations; and (f) geographic management unit partner teams.

A project manager could submit multiple proposals but, at most, one proposal per project manager, per funding category, could receive funding during any grant selection cycle.

To be eligible for funding, programs would be required to emphasize education at the local level, focusing on either county, regional or statewide natural resource concerns. Programs would be required to further at least one of the following goals: (a) help agricultural producers identify and understand their natural resource and environmental conditions; or (b) plan, design, implement, operate or maintain conservation practices on agricultural land.

Preference would be given to programs that focus the majority of their educational efforts on the USDA Environmental Quality Incentives Program (EQIP) priority areas. Preference would also be given to programs that target traditionally under-served audiences such as Native American, African American, Asian American, Amish, women or low-income farmers. UW-Extension would establish maximum grant amounts depending on the quantity and content of the proposals and

applications received.

22. Provide \$50,000 PR in 2001-02 for a special counselor grant program. Create an annual appropriation under the Department of Public Instruction (DPI) for this purpose with reversion of unencumbered balance provisions consistent with other tribal gaming revenue appropriations. Require the Department to award grants to entities that serve or border on a reservation, including school boards, boards of control of cooperative educational service agencies, or consortia consisting of at least two educational agencies, or an educational organization. These grants could be used for the cost of employing special counselors to help American Indian pupils adjust to their school districts. Reduce funding for general school aids by \$16,700 GPR in 2001-02 in order to adjust two-thirds funding of partial school revenues.

23. Provide \$250,000 PR in each year of the biennium to the Department of Administration to fund programs at the UW-Green Bay which have been jointly developed by the Onondaga Tribe and the UW-Green Bay.

24. Provide \$15,000 PR in 2001-02 to the State Historical Society to fund costs related to identifying unmarked American Indian gravesites at the Power's Bluff County Park in Wood County.

25. Provide \$25,000 PR in 2001-02 to the State Historical Society to provide funding to the Merrill Historical Society for the publication of a native tribal history of the upper Wisconsin river valley.

26. Provide \$250,000 PR annually to fund minority health programs. Specify that this funding would include: (a) a grant of up to \$50,000 PR annually for a private nonprofit corporation to conduct a public information campaign on minority health; and (b) \$200,000 PR annually for grants of up to \$50,000 for minority health programs. Modify the grant program to require recipients to provide a match, which may be provided as in-kind services, totaling at least 50% of the amount of the grant awarded by the state. In addition, provide that organizations that are not federally qualified health centers would receive priority for grants.

27. Delete \$250,000 PR annually and eliminate the compulsive gambling awareness campaign grant program administered by the Department of Health and Family Services.

28. Provide \$100,000 PR annually to the Department of Veterans Affairs to fund operational costs related to the Wisconsin Veterans Museum and create a new appropriation for this purpose funded from tribal gaming revenues. Delete \$100,000 SEG annually for the operation of Wisconsin Veterans Museum.

Note:

[Change to Bill: -\$1,913,600 PR and -\$16,700 GPR and -\$200,000 SEG]

Becky,
That's right. Just replace point 21 with the 1 paragraph that's in the drafting instructions. Thanks.

Subject: Grazing initiative motion

I have received an item called grazing initiative motion, CN 2012. It is not clear to me, from the brief description, what I should draft. It seems possible that the intent is to delete the fairly long, detailed language about the land and water education grant program that will be in the sub and replace it with much shorter, less detailed language. Could someone provide me with clarification?

Also, if you would prefer that I call rather than email this kind of question, please let me know.

Thank-you,

Becky Tradewell
