All statutory language related to the ethanol subsidy program should be deleted. The program in its entirety is being repealed.

John,

I need to draft CN1101, relating to the ethanol subsidy program that is supposed to be administered by DATCP. The material with which I was provided says to delete the program rather than transfer it within DATCP. I do not understand those instructions. Should the program be repealed? If not, how much if any funds should be appropriated for it? Should the language the Joint Committee on Finance added about the base budget for this program be eliminated?
