John Keckhaver:

This redraft reflects some corrections picked up by Jere Bauer at the Fiscal Bureau, for which I am grateful. Regarding other changes addressed by Jere Bauer:

1. The deletion of the reference to ch. 235, stats., on page 58, line 22 of SSA–1 reflects the unreconciled budget draft which this draft, I think, faithfully deletes in its entirety, specifically LRB–1857/4, page 13, line 20. The deletion implemented a drafting instruction to treat all existing state authorities in the same manner.

2. In the /1 draft, I retained the repeal of s. 20.680 (2) (kd), stats., because DOA had informed us that this appropriation is no longer used. This item was actually independent of the Department of Electronic Government proposal, but the repeal was included in LRB–1857/4. This draft therefore restores this appropriation.

3. In the /1 draft, I retained a correction to the numbering of s. 20.505 (4) (is), stats., [the relay service appropriation] to s. 20.505 (1) (ir) and the deletion of a reference to the general program operations of a nonexistent board, because I saw no reason to reverse these corrections. However, these items were included in LRB–1857/4. For consistency, this draft therefore deletes these corrections.
