Agency Transportation

Summary The DOT 20/20 Corridor Report has placed STH 15/USH 45 near the top of the list of projects in need of action, and consideration will be given to an alternative route. It is envisioned that a divided, four-lane highway capable of accommodating a 55 mph-posted speed limit would best serve the long-term needs of the corridor.

This amendment sets aside \$400,000 in Fiscal Year 2002 from the DOT major highway budget for a location study and environmental assessment.
