The request does not specify the amount of the grant, either in a fixed dollar amount or in terms of a percentage of the cost of the project. Do you want to specify the amount of the DOT grant?

The transportation enhancement activities program is funded only from federal and local funds, not from state funds. To receive federal funds, a project must meet certain federal criteria. Since the attached draft requires a grant, if the project does not meet federal criteria for funding, the grant must be made from local funds. Do you want to specify that the grant must be made only if the project qualifies for federal funding under the program?

Please note that this amendment may be challenged as a private or local law. Under article 4, section 18, of the Wisconsin Constitution, legislation that is specific to any person, place, or thing must be enacted as single-subject legislation unless the subject matter relates to a state responsibility of statewide dimension and its enactment will have direct and immediate effect on a specific statewide concern or interest.

Aaron,

I think to be consistent with other drafts like this (see the one for the Wausau City Square Development) we should just say 20.395 (2) (nx). DOT wouldn't make a grant from (nv). I don't think we should specify an amount since the motion did not.

Joe Leibham signed off on the amendment the way it was drafted. His only suggestion was that, perhaps, you might want line 8, where it reads "recipient contributes" to maybe read "recipients contribute" since the Town and City of Sheboygan is involved. If you don't think that is appropriate, he said he'd defer to your judgement.

Thanks,
Mark Jefferson

The attached draft deletes the reference to s. 20.395 (2) (nv), stats., in LRBb1390/1, based upon communications from the Legislative Fiscal Bureau.

Under the attached draft, a grant may be made either to the city of Sheboygan or the town of Sheboygan, or jointly to both. Based upon comments from Representative Leibham, I have, in the attached draft, replaced the phrase "grant recipient" with the phrase "recipient of the grant awarded under this subsection" to clarify that "recipient" refers to the municipality receiving the grant or to both municipalities if the grant is awarded jointly to both.
