ARC Amendment # 20

Agriculture, Trade and Consumer Protection Package

Representatives Ward (chair), Ainsworth, Hahn, Loeffelholz, Musser, Ott

1. **Transfer Department of Justice (DOJ) Consumer Protection Staff to Department of Agriculture, Trade and Consumer Protection (DATCP)** (requested by Ward) [LFB paper 215] (Comparative Summary, page 142, item #1)

WAB/RAK
RPN

Adopt Governor's language removed by Joint Finance to move 9.3 positions over from DOJ to DATCP (4.8 attorneys, 2.0 consumer protection investigators, 1.0 legal secretary, 1.0 paralegal and 0.5 legal assistant) and transfer related authority.

Fiscal Impact: These are current positions funded at DOJ. Transfer \$808,700 to DATCP.

2. **Enumerate Veterinary Diagnostic Lab and Meat and Muscle Lab** [LFB Paper 256] (Comparative Summary, page 177, item #4)

LAC/JTK

These were part of the Governor's original building program package but removed by the Joint Committee on Finance. This measure would restore the Building Commission's recommendation to enumerate the program in this biennium but delay \$20 million in bonding for the Veterinary Diagnostic Lab and \$20 million in bonding for the Meat and Muscle Lab to the next biennium. If we were not to enumerate the diagnostic lab, Wisconsin will lose accreditation and hurt its ability to sell agricultural products across state lines and particularly overseas.

In addition, (friendly amendment requested by Vrakas), require the Meat and Muscle Lab to provide a private sector contribution at an amount to be determined by the Building Commission. (Ward and Vrakas need to discuss this. Rep. Ward at the time of the amendment, believed the Diagnostic Lab already required a private match. After checking with the Fiscal Bureau, this is not the case. The Diagnostic Lab does not currently require a private match. Rep. Vrakas' intent was to include both labs to require matches.)

Fiscal Impact: None in this biennium. Require the Building Commission by July 1, 2002 to determine an amount of gifts, grants and other receipts that would be required before the building commission could release the bonding authorized for the project. Specify that bonding could not be released before it is determined that the required amount of non-state revenues is committed to the project. This provision commits bonding that, combined with a required match for the Meat and Muscle lab, will designate a total of \$40 million dollars of future bonding in next biennium for both labs.
