84.0131 Southeastern Wisconsin Regional Rehabilitation Program (1) In this section "southeastern Wisconsin freeway rehabilitation project" means any rehabilitation or reconstruction project on a multi-lane, fully accessed controlled freeway located in Kenosha, Milwaukee, Ozaukee, Racine, Walworth, Washington or Walworth counties, including additional lanes provided as part of a reconstruction project.

(2) Subject to s. 86.255, all southeastern Wisconsin freeway rehabilitation projects shall be funded from appropriations under s. 20.395 (3) (ix). (3) Notwithstanding any provision, southeastern Wisconsin freeway rehabilitation projects are not major highway projects as defined in s. 84.013 (1) (a). **20.395 (3) (ix) Southeastern Wisconsin Freeway Reconstruction Program.** As a continuing appropriation, the amounts in the schedule for the southeastern Wisconsin freeway rehabilitation program under s. 84.0131. DOT is required to submit a Section. 13.10 to Joint Finance moving reconstruction projects and funding to the newly created S.E. Wisconsin Regional Freeway Appropriations. However, the language maintains that only reconstruction projects can be moved. DTIMBHPS would like to move all freeway related projects, e.g. resurfacing, reconstruction, etc. in order to provide greater project and financing flexibility. Fiscal Bureau identified only 4 projects and approximately \$35 million that would meet the definition of reconstruction. DTIM staff and WTBA have discussed the issue and have reached agreement on the changes necessary regarding the language creating the SE program.
