15. Anhydrous Ammonia (requested by Stone, motion request #296)

2001 Wisconsin Act 3 (AB 7) specifically regulates the storage and handling of anhydrous ammonia. It creates criminal penalties for tampering, stealing and improperly transporting anhydrous ammonia.

Create exemptions from Wisconsin Act 3 for the routine uses of anhydrous ammonia for commercial, industrial, and energy related applications.

Fiscal Impact: None

16. Camping Exemption for 4-H County Fairs (requested by Powers)

Amend HFS 178.03 & 178.04 to exempt 4-H County Fairs from requiring a camping permit for the 4 days preceding, the 4 days following, and the duration of the 4-H County Fair.

Fiscal Impact: None

17. Revise Regulations of Custom Service Slaughterers and Meat Inspection (requested by M. Lehman, motion request #79)

Amend the statutes so that custom service slaughterers/mobile slaughterers are excluded from meat inspection if the slaughterer is not involved with the direct sale of the meat.

Prohibit farmers/meat producers from selling meat that will be re-sold unless that meat is inspected.

Fiscal Impact: None

18. Arsenic in Wood (requested by Sykora, motion request #64)

Repeal the requirement that DATCP and Commerce submit to the Joint Committee on Finance by the December 2001, s. 13.10 meeting, a comprehensive plan repealing the purchase by any state agency of wood, or any product that contains wood that is treated with arsenic, inorganic arsenic or an arsenic copper combination such as chromated copper arsenate wood preservative fungicide by December 31, 2002. The motion also repeals the other reporting requirements that were to be included in the plan. This motion repeals motion 625 (Burke) that passed in JFC on an 11-5 vote.

This motion requires DATCP and DCOMM to examine scientific evidence to determine whether there is a legitimate concern that wood treated with copper, chromium and arsenic (CCA) is harmful to the environment and report their findings to the Legislature by June 30, 2002. If scientific evidence indicates that CCA-treated lumber is harmful to the environment, require DATCP and DCOMM to create guidelines for appropriate and inappropriate use of CCA treated lumber to be phased in over time.
