Kettl Commission-related studies:

- JTK
- **Shared Revenue Study:** Directs the Department of Revenue to study options for restructuring shared revenue and to encourage high-growth sectors of the economy and the creation of "high-quality" jobs in Wisconsin. The study is required to consider using up to 10 percent of the amount distributed to counties and municipalities under s. 79.03, Stats., relating to the distribution of shared revenue payments, to match local efforts to encourage creation of "high-quality" jobs in Wisconsin. The DOR is required to report the results of its study to the Secretary of the Department of Administration no later than January 1, 2003. The study assignment was expanded to include recommendations on how to incorporate "smart growth planning" into the shared revenue program. Study allowing town governments to freeze boundaries in exchange for shared revenue compensation.
 - **Juvenile Justice System Study:** Directs a study on the costs of transferring operation of the juvenile justice system from the counties to the state. Requires the formation of a five-member commission including the Secretary of the Department of Administration, Department of Health and Family Services, the Secretary of Corrections, a representative of the Wisconsin Counties Association and a representative of Milwaukee County. Directs each county to develop a uniform chart of accounts beginning on January 1, 2002. Requires each county to report its revenues and expenditures related to operations of the juvenile justice programs in 2002 to DOA by March 15, 2003. Directs the commission to submit to the Legislature, on or before May 1, 2003, a recommendation in the form of legislation for the state's assumption of all or part of the operating costs of the juvenile justice system, effective January 1, 2004. Specify that the legislation includes the elimination of youth aids program and a reduction in payments under the county shared revenue and mandate relief programs.
