Budget Amendments 2001 - 2003

Prepared by the Assembly Republican Caucus

Statement of Intent Modify the state group health insurance premium contribution formula to specify that following an initial payment by each covered state employee of \$5 per months toward the gross premium cost for group health insurance coverage, the state would contribute an amount equal to 90% of the premium cost of the Standard Plan or 105% of the premium cost of the lowest cost alternate health care plan, but not more than the total amount of the remaining premium, whichever contribution is less.

Agency Employee Trust Funds

Summary It is estimated that there are 34,284 FTE nonrepresented state employees. No information is available on the number of such employees who currently pay less than \$5 per month for state group health insurance coverage. However, the maximum amount of state employees \$5 per month payments under this motion can be determined, if it is assumed that no premium contributions are currently being paid by any of these nonrepresented state employees. Under such a scenario, the maximum amounts collected would be \$2,057,000 annually. These employee contribution amounts would offset state group health insurance premium contribution payments from state agency budgeted costs in their fringe benefits line. The maximum amounts that could be lapsed are \$945,400 GPR, \$256,300 FED, \$693,700 PR and \$161,600 SEG annually. Since health insurance premiums are typically paid two-months in advance, there would be only 10 months of \$5 per month payments in 2001-2002.

MAC

This amendment would modify the state group health insurance premium contribution formula to specify that following an initial payment by each covered state employee of \$5 per months toward the gross premium cost for group health insurance coverage, the state would contribute an amount equal to 90% of the premium cost of the Standard Plan or 105% of the premium cost of the lowest cost alternate health care plan, but not more than the total amount of the remaining premium, whichever contribution is less.

This amendment would require each state employee to pay a minimum of \$5 per month towards the gross premium costs of his or her group health insurance coverage. Initially, the provision would apply only to nonrepresented state employees. The provision would apply to represented employees only to the extent provided under applicable collective bargaining agreements.

Fiscal Impact \$1,733,200 GPR-lapse; \$469,900 FED-lapse; \$1,271,800 PR-lapse; and \$296,300 SEG-lapse.
