FE Sent For:

<END>

department and the applicant agree or unless the applicant makes material additions or alterations to the project for which the application has been submitted.

Additionally, amend Section 30.02 (4)(a) to require a public hearing be held with 30 days of an order to conduct such a hearing.

Agency affected: DNR

Fiscal Impact: \$0

Location/Status: New motion (Kedzie)

#### **F. Piers and Docks**

All piers and docks built before January 1, 2001 would be "grandfathered" and not subject to current DNR rulemaking authority. Further, the DNR would be required to promulgate new rules to regulate piers and docks constructed after January 1, 2001.

Location/Status: New motion (Gunderson)

Fiscal impact: None.

#### **G. Land Purchase Approval**

Require the Board of Commissioners of Public Lands to submit a request to the Joint Committee on Finance for approval of the land purchase which is currently owned by WPS in Marinette County

Affected agency: Public Lands

Fiscal Impact: None.

Location/Status: Adopt ARC Amendment #258 (Montgomery)

### **6. Air Management**

#### **A. Bureau of Air Management — General Construction Permits**

Authorize DNR to promulgate administrative rules that specify the types of stationary sources of air emissions that may obtain general construction permits. A general construction permit may cover several similar stationary sources. It would be used instead of issuing an individual construction permit for each source covered by the general construction permit. Examples of categories for which a general construction permit might be created would include crushers, package boilers, degreasing units, dry cleaners and hot-mix asphalt plants.

Affected agency: DNR

Fiscal Impact: \$0

Location/Status: Adopt ARC Amendment #193 (Kedzie)

2001

Date (time) needed SOON (m6/23)

DOA:.....Etzler - Air management; general construction permits  
FOR 2001-03 BUDGET - NOT READY FOR INTRODUCTION

1 AN ACT ...; relating to: the budget.

*Analysis by the Legislative Reference Bureau*

**ENVIRONMENT**

**AIR QUALITY**

Current law generally requires a person to obtain a construction permit from DNR before beginning construction of a stationary source of air pollution. This bill authorizes DNR to issue general construction permits, each of which would cover numerous similar stationary sources of air pollution.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

2 SECTION <sup>3221</sup> 285.60 (2m) of the statutes is created to read:

3 285.60 (2m) GENERAL CONSTRUCTION PERMITS. The department may, by rule,  
4 specify types of stationary sources that may obtain general construction permits. A  
5 general construction permit may cover numerous similar stationary sources. A

1 general construction permit shall require any stationary source that is covered by  
2 the general construction permit to comply with ss. 285.61 to 285.69. The department  
3 shall issue a general construction permit using the procedures and criteria in ss.  
4 285.61, 285.63, 285.65, 285.66, and 285.69. //
