The Adopt-a-River Program encourages volunteers to "adopt" a section of a lake, river, wetland or ravine to ensure its long-term health through annual cleanups. Volunteers choose their own site from shorelines that have not yet been adopted. The program supplies "how-to" assistance, free rubbish bags, gloves and recognition after a reporting of cleanup results. Information tracked includes pounds of rubbish collected, volunteer hours, and descriptions of the debris found.

E. Lake Management Grants for Wetlands Enhancement/Restoration

Earmark \$250,000 in 2001-02 and \$250,000 in 2002-03 from Lake Management Grants for local units of government that have completed a comprehensive land use plan and included a wetlands enhancement or restoration project in that plan.

Fifty, \$10,000 grants shall be awarded to local units of governments on a first come, first serve basis. In addition, those grant monies must be utilized for the implementation of the wetlands project.

Finally, if a drainage district is located on or near the project site, the drainage district commission must sign-off on the project before grants monies are awarded.

Agency affected: DNR

Fiscal Impact: \$0

Location/Status: New motion (Kedzie, Albers)

If the debt service were to increase in following years, this motion would reduce funding for Stewardship by 5% of that debt service amount.

Affected agency: DNR

Fiscal Impact: Reduce \$2.4 million BR for 2001-03. Unknown for subsequent years.

Location/Status: New motion (Gunderson)

B. Stewardship Requirements

Require 10% of all stewardship monies to be used for the purchase of land in incorporated areas. In addition, require all purchases of land and development rights to be
