Subject: RE: Job access loans

Could we keep the 49.175 allocation but show \$0? What do you think? I want to make sure DWD will still have the authority to spend loan repayments on additional job access loans. Also, I think that funds could be spent out of (md) and (dz) for job access loans through the W-2 contracts in the future. Call me so we can discuss further...

Should the 49.175 allocation for job access loans be repealed or should it just be reduced (if so, how much)?
Are any moneys from (3) (md) still going to be used for the program?
When you get a minute, let me know.
Thanks,
Ivy

49.175 to come out

* leave (md) in (in case use other # as part of W-2
