Fiscal Impact: These are current positions funded at DOJ. Transfer \$808,700 to DATCP.

AP 2

- 2. **Enumerate Veterinary Diagnostic Lab and Meat and Muscle Lab [LFB Paper 256] (Comparative Summary, page 177, item #4)**

David L

These were part of the Governor's original building program package but removed by the Joint Committee on Finance. This measure would restore the Building Commission's recommendation to enumerate the program in this biennium but delay \$20 million in bonding for the Veterinary Diagnostic Lab and \$20 million in bonding for the Meat and Muscle Lab to the next biennium. If we were not to enumerate the diagnostic lab, Wisconsin will lose accreditation and hurt its ability to sell agricultural products across state lines and particularly overseas.

In addition, (friendly amendment requested by Vrakas), require the Meat and Muscle Lab to provide a private sector contribution at an amount to be determined by the Building Commission.

Fiscal Impact: None in this biennium. Require the Building Commission by July 1, 2002 to determine an amount of gifts, grants and other receipts that would be required before the building commission could release the bonding authorized for the project. Specify that bonding could not be released before it is determined that the required amount of non-state revenues is committed to the project. This provision commits bonding that, combined with a required match for the Meat and Muscle lab, will designate a total of \$40 million dollars of future bonding in next biennium for both labs.

AP 13

13. DOT Implement Farm Sign Program

Fred

Joint Finance put language in to implement this program but did not put a start date. Clarify language by adding structure to the program and have program up and running by March 1, 2002.

Eligible signs will identify and provide directional information to certain facilities that meet the following criteria:

- a.) Markets Wisconsin farm products
- b.) Processes and markets agricultural products of which at least 50% are grown and produced in this state
- c.) Promotes tourism by providing tours and on-site sales or samples of Wisconsin agricultural products.

The department may assess the facility the actual cost of the sign.

Fiscal Impact: None

AP 14

14. Allow Landlords to Deduct Carpet Cleaning Cost From Security Deposits in Specific Circumstances: (requested by Grothman, motion request #135)

This amendment would revise Wis.Stats., 704.07(1) to allow an agreement authorized by rule promulgated by DATCP to stand, and direct DATCP to proceed with the enactment of the negotiated carpet cleaning rule.

Fiscal Impact: None.

Subject: FW: LRB Draft: 01b1812/1 Agricultural tourism signs

Go ahead and make this applicable to any (agricultural tourism) facility that is open to the public at least 4 days a week for a minimum of 3 months and which meet the other criteria.

Trailblazer signs are fine so long as the facility pays for them.

Nix the language regarding covering/uncovering signs.

R.J. A couple of these might be substantive changes, but does anybody care about the town road and covered up sign thing? Probably not.

Mark:

In answer to his question in the drafter's note, it is consistent with Rep. Ward's intent.

There are some details that need to be added to this draft.

We would like this to be applicable to any (agricultural tourism) facility that is open to the public at least 4 days a week for a minimum of 3 month and which meets the a,b, c criteria.

Also we would like to state that trailblazer signs to the facility shall be erected on local roads if the facility is more than 5 miles off the main thoroughfare.

In addition, signs must be covered in the off-season/months when the facility is not open.

Everything else looks great. Please do not hesitate to have Attorney Fast contact me if he has any questions or concerns.

Thanks,

Char
