Assembly: Modify a provision in the Joint Committee on Finance's substitute amendment that would require DOT to develop and implement a plan to promote and maximize the erection of agricultural tourism signs on highways in Wisconsin by specifying that DOT must implement the plan by March 1, 2002. Specify that eligible signs will identify and provide directional information to any agricultural tourism facility. Define "agricultural tourism facility" as a facility in this state that is open to the public at least four days a week a minimum of three months that: (a) markets Wisconsin farm products; (b) processes and markets agricultural products, of which at least 50% are grown and produced in Wisconsin; or (c) promotes tourism by providing tours and on-site sales or samples of Wisconsin agricultural products. Specify that DOT may assess and collect from an agricultural tourism facility the actual costs of erection of any agricultural tourism sign that identifies and provides directional information to the facility, unless the sign is a "trailblazer sign," as defined by DOT rule. Require local authorities to permit the erection of a trailblazer sign that identifies and provides directional information to an agricultural tourism facility on a local highway if the facility is located more than five miles from the highway and the local authority assesses and collects from the facility the actual costs of erecting the trailblazer sign.
