**Subject:** #12\_GIS language

Conference Committee: Adopt the Senate provision. In addition, request the Joint Legislative Audit Committee to direct the Legislative Audit Bureau to review the GIS mapping services provided by DNR. Request that the review include the cost effectiveness of services offered by the DNR as compared to the resources available in the private sector and the degree to which the DNR GIS mapping services compete with private business.

Per Rebecca

Last budget - did this for air & waste -  
use similar language -

i.e. have jt. audit committee request audit  
bureau to do audit & provide that the  
committee may direct the bureau to perform  
the audit

It should be a performance evaluation audit  
No deadline

**10. PROHIBITION OF NUDITY ON STATE OWNED LAND**

Senate: No change to Joint Finance.

Assembly: Prohibit intentional nudity on lands that are owned, managed, supervised or controlled by state agencies. The forfeiture for public nudity on state owned or managed lands would not exceed \$1,000.

**11. WISCONSIN CONSERVATION HALL OF FAME**

Senate: No change to Joint Finance.

Assembly: Delete the Joint Finance provision that would have provided \$10,000 PR in 2001-02 from tribal gaming revenues for a grant to the Wisconsin Conservation Hall of Fame. The purpose of the grant would have been to recognize the conservation efforts of Native Americans in Wisconsin.

PR	-\$10,000

**12. PRIVATIZATION OF GIS MAPPING SERVICES** *MDC*

Senate: No change to Joint Finance. *Emailing language*

Assembly: Require DNR to eliminate staff-supplied geographic information systems mapping services by July 1, 2002. Instead, require DNR to contract with private firms for these services. Under current law, DNR may contract for private services if doing so would be more cost-effective than using DNR staff. This provision would exempt DNR from meeting the "cost effective" requirement relating to GIS contracts.

**13. PRIVITIZATION OF PRAIRIE RESTORATION PROJECTS**

Senate: No change to Joint Finance.

Assembly: Prohibit DNR from using staff to complete prairie restoration projects. Instead, require DNR to contract with private firms or organizations for prairie restoration work. Under current law, DNR may contract for private work if doing so would be more cost-effective than using DNR staff. This provision would exempt DNR from meeting the "cost-effective" requirement relating to prairie restoration contracts.

**14. DNR REGIONAL MANAGEMENT**

Senate: No change to Joint Finance.
