Linda,

The following nonstatutory language might accomplish what we discussed this morning:

The department of health and family services shall prepare a report on the ability of enrollees in medical assistance and BadgerCare to obtain access to covered dental services. The report shall include recommendations to increase access by those persons to dental care. The department shall submit its report to the governor and the legislature, in the manner provided under section 13.172 (2) of the statutes by the first day of the 4th month after publication of this act.
