Bruce:

I removed the section numbers in the action phrases that weren't needed. I promise it will NEVER happen again. ☺ Remember I didn't make you change it.

p. 23, line 17: This section duplicates Section 56.

p. 34, line 10: Hanaman caught this - do we need parens ^{around} ~~near~~ the scored text or will commas do? I think we need to put the parens back because they were never stricken, and I don't know how to underline and strike them at the same time. *Heather*

Questions for Bruce:

0954/P1

General note: I added the act section numbers throughout the bill in the action phrases - is that okay? I don't think its necessary. At least not from my perspective. I don't know about the LRB perspective. I only do it if its a renumber ~~or~~ ^{when} going to the ^{original} bill the reader would find a treatment of the current number, or when there is a double treatment of the

- X ① p. 3, line 5: see change. ok? same number.
No. ~~My~~ ~~want~~ Unless its something we always change, I only want to change things Act 150 did.
- X ② p. 5, line 4: see changes to not. ok? yes

③ p. 9, lines 17-20: see changes. ok? ok

W. ④ p. 11, after line 3: see note referencing Act 150. ok? yes
I ~~should~~ ~~get~~ the wry comma. Graduated

X ⑤ p. 18, line 2: check ~~cross~~ reference to section 57 of Act 182. I show that as s. 5.64 and can't find that statute in the other acts I looked in.
Change Act 182 to 185

⑥ p. 20, line 14: see change. ok? NO - we'll pick this up with blanket change in the other bill. I want this to ~~not~~ not stray far from only the problems from Act 150. (Serial comma excepted of course)

⑦ p. 24, line 4. ~~I~~ I believe "the" got thrown in accidentally... | agree

⑧ p. 32 - see deletion of "(m)" in note ok?
yo

I didn't have the serial comma commit in all the notes because I put it ~~at~~ in the beginning note so I wouldn't have to ~~do~~ ^{do} it every time. It's ok that you do.
