Pete -

Attached are files for the Turtle Township and Rolling Township that were originally in the LRBs 0280. I included two maps of Turtle because that is what I got and in all honesty, I can't tell if there is a difference! I know in my message I got from ken, he said he had sent you these files as well.

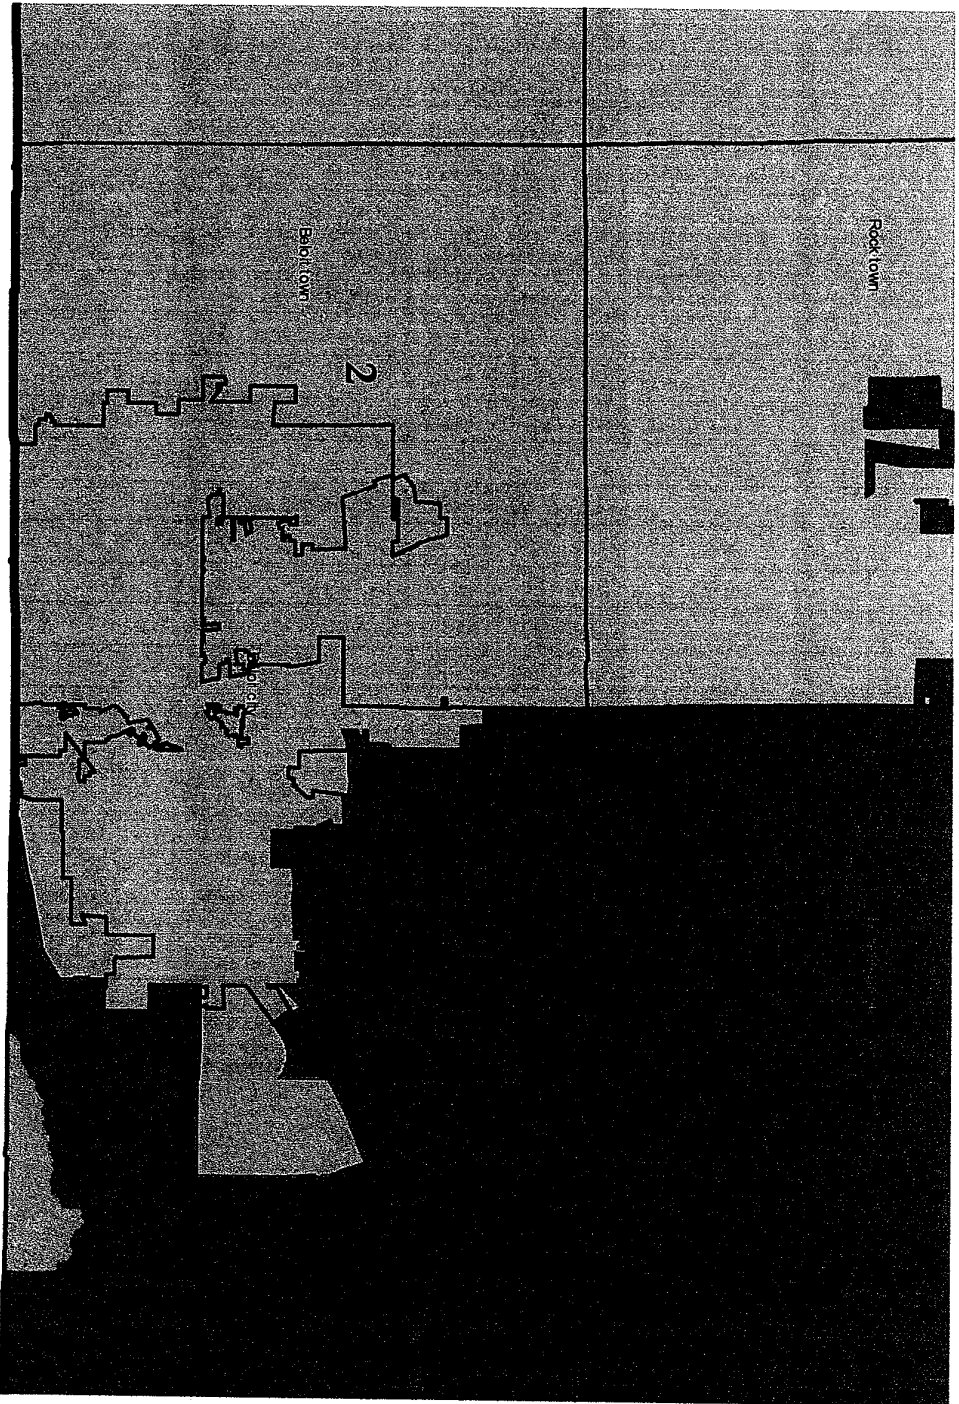

Please let me know if you need the changes to Appleton again.

Thanks!  
Scott

Will Stone asked me to send you these images. An Excel file with the demographic overview is attached. One more email to follow. Please contact me if you have any questions.

As you can see: Kimberly is entirely within the 6th CD. Buchanan is split between the 6th and 8th. The Calumet portion of Appleton is within the 8th CD, with the exception of several City of Appleton "islands". The portion of Appleton within Calumet is within the 6th CD.
