~~PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION~~

Kennor

Gen

creating an

1 AN ACT ...; relating to: exemptions from the regulation of anhydrous ammonia. ✓

Analysis by the Legislative Reference Bureau

Under current law, the department of commerce is required to promulgate rules relating to the safe storage and handling of anhydrous ammonia. These rules generally do not apply to refrigeration plants where ammonia is used solely as a refrigerant, facilities where ammonia is manufactured, electric generating or cogenerating facilities where ammonia is used as a refrigerant, and ammonia transportation pipelines. This bill creates an additional exemption from these rules for facilities where ammonia is used in pollution control devices.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2 SECTION 1. 101.10 (2) of the statutes, as affected by 2001 Wisconsin Act 16, is
3 amended to read:

4 101.10 (2) RULES. The department shall promulgate rules that prescribe
5 reasonable standards relating to the safe storage and handling of anhydrous
6 ammonia. The rules shall prescribe standards for the design, construction, repair,
7 alteration, location, installation, inspection, and operation of anhydrous ammonia

1 equipment. Except as otherwise provided in this subsection, the rules promulgated
2 under this subsection do not apply to refrigeration plants where ammonia is used
3 solely as a refrigerant, facilities where ammonia is used in pollution control devices
4 or is manufactured, electric generating or cogenerating facilities where ammonia is
5 used as a refrigerant, and ammonia transportation pipelines. If ammonia is used on
6 the premises of a facility or plant described under this subsection for a purpose or in
7 a manner that is not related to the applicable exemption from the rules promulgated
8 under this subsection, the exemption does not apply to that use.

9 History: 2001 a. 16.

MEMORANDUM

To: Representative Ott

From: Robert J. Marchant, Legislative Attorney

Re: LRB-3737/1 Excmption from anhydrous ammonia regulation.

The attached draft was prepared at your request. Please review it carefully to ensure that it is accurate and satisfies your intent. If it does and you would like it jacketed for introduction, please indicate below for which house you would like the draft jacketed and return this memorandum to our office. If you have any questions about jacketing, please call our program assistants at 266-3561. Please allow one day for jacketing.

JACKET FOR ASSEMBLY JACKET FOR SENATE

If you have any questions concerning the attached draft, or would like to have it redrafted, please contact me at (608) 261-4454 or at the address indicated at the top of this memorandum.

If the last paragraph of the analysis states that a fiscal estimate will be prepared, the LRB will request that it be prepared after the draft is introduced. You may obtain a fiscal estimate on the attached draft before it is introduced by calling our program assistants at 266-3561. Please note that if you have previously requested that a fiscal estimate be prepared on an earlier version of this draft, you will need to call our program assistants in order to obtain a fiscal estimate on this version before it is introduced.

Please call our program assistants at 266-3561 if you have any questions regarding this memorandum.
