Subject: RE: LRB-2610/2 (attached) (jacketed as requested)

Hi Lynn,
Just wanted to make sure that both Assembly and Senate jackets are ready for pick up.
I had requested that LRB 2610/2 be jacketed for the Assembly and redrafted for the Senate and jacketed.
so very much for all your help on this. Myra

D-NOTE

2001 BILL

-3601/1

RM NOT RUN

1 AN ACT to amend 453.06 (2m) (b) and 453.06 (2m) (c) of the statutes; relating
2 to: veterinary postgraduate training permits.

Analysis by the Legislative Reference Bureau

Under current law, with certain exceptions, a person may not practice veterinary medicine unless the veterinary examining board (board) has issued a license to the person. One of the exceptions applies to a person who is an intern or resident at a school of veterinary medicine in this state. The board may issue a veterinary postgraduate training permit to such a person if he or she either: 1) has successfully completed the national board examination and clinical competency test (examination and test); 2) is scheduled to take the examination and test for the first time; or 3) is awaiting the results of the examination and test. A person who is issued a postgraduate training permit may practice veterinary medicine on privately owned animals only within the scope of the person's internship or residency program.

This bill changes the requirements for issuing a veterinary postgraduate training permit. Under the bill, the board may grant a permit to a person who is an intern or resident at a school of veterinary medicine in this state. The person is not required to have successfully completed the examination and test, be scheduled to take the examination and test for the first time, or be awaiting the results of the examination and test.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

BILL

1 **SECTION 1.** 453.06 (2m) (b) of the statutes is amended to read:

2 453.06 (2m) (b) Upon application, the examining board may grant a veterinary
3 postgraduate training permit to a person undertaking intern or resident training at
4 a school of veterinary medicine in this state. ~~The applicant shall submit evidence~~
5 ~~that the applicant has successfully completed the national board examination and~~
6 ~~the clinical competency test, is scheduled to take the national board examination and~~
7 ~~clinical competency test for the first time, or is awaiting results on the national board~~
8 ~~examination and clinical competency test.~~ The only purpose of the veterinary
9 postgraduate training permit is to provide opportunities in this state for the
10 postgraduate education of persons who have received the degree of doctor of
11 veterinary medicine or an equivalent degree but who have not yet met the
12 requirements for licensure in this state. Issuance of a postgraduate training permit
13 does not modify in any respect the requirements for licensure to practice veterinary
14 medicine in this state, and a permittee permit holder may practice veterinary
15 medicine on privately owned animals only within the scope of the permittee's permit
16 holder's internship or residency program. Violation of this restriction or of any
17 applicable provision of this chapter constitutes cause for revocation of the permit.

18 **SECTION 2.** 453.06 (2m) (c) of the statutes is amended to read:

19 453.06 (2m) (c) A license issued under this subsection expires upon
20 termination of the licensee's employment at a school of veterinary medicine in this
21 state. A postgraduate training permit expires upon termination of the permittee's
22 permit holder's internship or residency program, ~~upon the permittee's failure to take~~
23 ~~the national board examination or the clinical competency test as scheduled, or upon~~

BILL

1 ~~notification to the permittee that he or she has failed to successfully complete either~~
2 ~~the national board examination or the clinical competency test.~~

3 (END)
