

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRBa1020/1dn
PJK:hmh:kjf

January 3, 2002

This amendment makes the language of ss. 40.52 (1) (b) and 632.895 (6) more consistent. Also, I assumed that inhalation insulin was prescription medication and treated it as such in this amendment. If it isn't, let me know and I will redraft this amendment.
