Pam,

At the public hearing on SB 250 a couple of days ago, Sheldon Wasserman asked me to request an amendment to the bill to do the following:

1. He wants the mandate to include a specific reference to "inhalation insulin".
2. He wants the mandate to include a specific reference to "noninvasive glucose monitoring". This would provide coverage for the GlucoWatch (see attachment).

Welcome to  
GlucoWatch.htm

Both of these requirements would go in ch. 40 and ch. 632.

Thanks for your help.

This amendment makes the language of ss. 40.52 (1) (b) and 632.895 (6) more consistent. Also, I assumed that inhalation insulin was prescription medication and treated it as such in this amendment. If it isn't, let me know and I will redraft this amendment.
