1 AN ACT *to renumber and amend* 815.39; *to amend* 254.595 (1), 254.595 (2),
2 254.595 (3) (a), 254.595 (4) and 815.44 (1); and *to create* 815.39 (2) and 823.23
3 of the statutes; **relating to:** receiverships for public nuisance.

Analysis by the Legislative Reference Bureau

Under current law, if real property, other than an owner-occupied one-family or two-family dwelling, is in violation of a municipal building code provision that concerns health or safety, the municipality or an interested party may commence an action to have the property declared a health hazard. Under the law, a receiver may be appointed to manage and control the property if a court finds that the property is a health hazard and that the owner has not abated that hazard. This bill allows the court to declare such property to be a nuisance and allows the court to permit cities, villages, and towns to create a receivership to take control of residential property that is declared a nuisance and abate that nuisance.

The bill also allows 1st or 2nd class cities to ask a court to appoint a receiver to manage and control residential property, including a single-family dwelling, that is declared a nuisance for other reasons, including because it is dilapidated, used as a place of gambling, for the delivery or manufacture of a drug, or as a meeting place for a criminal gang. The bill requires that the owner of the residential property be given notice of the intent to petition a court for the appointment of receiver at least 60 days before filing the petition, to give the owner time to abate the nuisance.

If a court determines that abatement is required and that the owner will not rehabilitate the property, the court shall appoint a receiver. A receiver created by the

BILL

court under this bill has authority to take possession of, and manage and maintain, the property, terminate tenancies, charge and collect rents, contract with others to conserve and rehabilitate the property, and dispose of personal property found at the residential property. Under the bill, costs of the abatement, including the fee charged by the receiver, are reviewed by the court and the costs not paid may be entered as a judgment against the property. Under the bill, the court shall terminate the receivership when the abatement or rehabilitation is completed or if the receiver shows the court that the abatement is not feasible and that the improvements on the real property have been demolished by the city, village, or town.

The bill also prohibits a landlord or receiver of residential property that is subject to an action to abate a nuisance from committing certain acts, including increasing the rent, decreasing services, or refusing to renew a rental agreement. This limit on the landlord's or receiver's authority only applies under the bill if that act would not have occurred if the abatement action was not begun and the tenant shows that no nuisance exists with respect to the tenant's rental unit, the nuisance was not caused by the tenant, or the action of the landlord or receiver is not necessary to abate the nuisance.

Under current law, within one year after the execution sale of real estate, the real estate sold may be redeemed by the payment to the purchaser of the sum paid for the real estate at the execution sale. This bill reduces the time period of redemption to two months for real estate that was sold based on a lien created as the result of the unpaid costs incurred by a receiver in rehabilitating property that was a nuisance or abating that nuisance.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **SECTION 1.** 254.595 (1) of the statutes is amended to read:

2 254.595 (1) If real property is in violation of those provisions of a municipal
3 building code that concern health or safety or of an order or a regulation of the local
4 board of health, the city, village or town in which the property is located may
5 commence an action to declare the property a nuisance or human health hazard. A
6 tenant or class of tenants of property that is in violation of the municipal building
7 code or of an order or regulation of the local board of health or any other person or
8 class of persons whose health, safety or property interests are or would be adversely
9 affected by property that is in violation of the municipal building code or of an order
10 or regulation of the local board of health may file a petition with the clerk of the city,

BILL

1 village, or town requesting the governing body to commence an action to declare the
2 property a nuisance or human health hazard. If the governing body refuses or fails
3 to commence an action within 20 days after the filing of the petition, a tenant, class
4 of tenants, other person or other class of persons may commence the action directly
5 upon the filing of security for court costs. The court before which the action of the
6 case is commenced shall exercise jurisdiction in rem or quasi in rem over the property
7 and the owner of record of the property, if known, and all other persons of record
8 holding or claiming any interest in the property shall be made parties defendant and
9 service of process may be had upon them as provided by law. Any change of
10 ownership after the commencement of the action shall not affect the jurisdiction of
11 the court over the property. At the time that the action is commenced, the
12 municipality or other parties plaintiff shall file a lis pendens. If the court finds that
13 a nuisance or violation exists, it shall adjudge the property a nuisance or human
14 health hazard and the entry of judgment shall be a lien upon the premises.

15 **SECTION 2.** 254.595 (2) of the statutes is amended to read:

16 254.595 (2) A property owner or any person of record holding or claiming any
17 interest in the property shall have 60 days after entry of judgment to abate the
18 nuisance or eliminate the violation. If, within 60 days after entry of judgment under
19 sub. (1), an owner of the property presents evidence satisfactory to the court, upon
20 hearing, that the nuisance or violation has been eliminated, the court shall set aside
21 the judgment. It may not be a defense to this action that the owner of record of the
22 property is a different person, partnership or corporate entity than the owner of
23 record of the property on the date that the action was commenced or thereafter if a
24 lis pendens has been filed prior to the change of ownership. No hearing under this
25 subsection may be held until notice has been given to the municipality and all the

BILL

1 plaintiffs advising them of their right to appear. If the judgment is not so set aside
2 within 60 days after entry of judgment, the court shall appoint a disinterested person
3 to act as receiver of the property for the purpose of abating the nuisance or human
4 health hazard.

5 **SECTION 3.** 254.595 (3) (a) of the statutes is amended to read:

6 254.595 (3) (a) Any receiver appointed under sub. (2) shall collect all rents and
7 profits accruing from the property, pay all costs of management, including all general
8 and special real estate taxes or assessments and interest payments on first
9 mortgages on the property, and make any repairs necessary to abate the nuisance or
10 meet the standards required by the building code or the order or regulation of the
11 local board of health. The receiver may, with the approval of the circuit court, borrow
12 money against and encumber the property as security for the money, in the amounts
13 necessary to abate the nuisance or meet the standards.

14 **SECTION 4.** 254.595 (4) of the statutes is amended to read:

15 254.595 (4) The receiver appointed under this section shall have a lien, for the
16 expenses necessarily incurred to abate the nuisance or in the execution of the order,
17 upon the premises upon or in respect of which the work required by the order has
18 been done or expenses incurred. The municipality that sought the order declaring
19 the property to be a nuisance or human health hazard may also recover its expenses
20 and the expenses of the receiver under subs. (3) (a) and (5), to the extent that the
21 expenses are not reimbursed under s. 632.103 (2) from funds withheld from an
22 insurance settlement, by maintaining an action against the property owner under
23 s. 74.53.

24 **SECTION 5.** 815.39 of the statutes is renumbered 815.39 (1) and amended to
25 read:

BILL

1 815.39 (1) ~~Within~~ Except as provided in sub. (2), within one year after an
2 execution sale the real estate sold, or any lot, tract or portion that was separately
3 sold, may be redeemed by the payment to the purchaser, to the purchaser's personal
4 representatives or assigns, or to the ~~then~~ sheriff of the county where ~~such~~ the real
5 estate is situated, for the use of such purchaser, of the sum paid on the sale thereof,
6 together with the interest from the time of the sale.

7 **SECTION 6.** 815.39 (2) of the statutes is created to read:

8 815.39 (2) If an execution sale is for a lien filed under s. 823.23 (5), the period
9 of redemption under sub. (1) is 2 months.

10 **SECTION 7.** 815.44 (1) of the statutes is amended to read:

11 815.44 (1) **WHO MAY ACQUIRE.** In case the premises sold on execution or any part
12 of them are not redeemed within the year prescribed by ss. 815.39 (1) and 815.40 then
13 the interest of the purchaser may be acquired within 3 months after the expiration

7 that the court finds the moneys, costs, or obligations to be reasonable and necessary,
8 it shall issue an order reciting this fact as well as the amount found to be reasonable
9 and necessary.

10 (b) If all of the costs and obligations that the court found to be reasonable and
11 necessary under par. (a) have not been paid, the court shall issue a judgment for the
12 unpaid amount and file that judgment with the office of the clerk of court within 60
13 days after the receiver files a statement of those unpaid costs and obligations with
14 the court and that judgment shall constitute a lien on the residential property from
15 the date of the filing of the judgment.

16 **(6) EFFECT ON PURCHASE MONEY SECURITY INTEREST OF LIEN FOR UNPAID ABATEMENT**
17 **EXPENSES.** (a) The issuance of the notice under sub. (2) (b) shall constitute a default

2 money security interest in the residential property if all of the following apply to that
3 purchase money security interest:

5 vendee, mortgagor, or grantor under such purchase money security interest the
6 notice under sub. (2) (b).

7 2. The holder of the purchase money security interest has not, prior to the
8 appointment of a receiver under sub. (2) (g), initiated proceedings to foreclose the
9 purchase money security interest, to abate the conditions resulting in issuance of the
10 notice under sub. (2) (b) or to gain possession of the property.

11 (c) Except for property tax liens, assessment liens, and purchase money
12 security interests not included in par. (b), a lien created under sub. (5) (b) shall be
13 prior and superior to all other liens, mortgages, and encumbrances against the
14 residential property upon which it is imposed without regard to the date the other
15 liens, mortgages, or encumbrances were attached to the residential property.

16 (7) TERMINATION OF RECEIVERSHIP. (a) The receivership into which the court
17 placed the residential property under sub. (2) (h) or (i) shall terminate only by an
18 order of the court.

19 (b) The court shall terminate the receivership if the residential property's
20 owner or owner's agent or an interested party or the receiver show the court all of the
21 following:

22 1. That the abatement or rehabilitation has been completed.

23 2. That the costs and obligations incurred due to the abatement or
24 rehabilitation, including the receiver's administrative fee, have been paid by an

BILL

1 owner, owner's agent, or interested party or that a lien has been filed pursuant to sub.
2 (5).

3 3. That the owner, owner's agent, or interested party will manage the
4 residential property in conformance with applicable housing codes.

5 (c) The court shall terminate the receivership if the receiver shows the court
6 one of the following:

- 7 1. That the abatement or rehabilitation is not feasible.
8 2. That the improvements on the property have been demolished by the 1st or
9 2nd class city.
