Youth options program; limit school board payment to 6 credits					

### Assumptions Used in Arriving at Fiscal Estimate

Under current law, a pupil enrolled in a public school in the 11th or 12th grade may attend an institution of higher education for one or more courses under the youth options program. The school board of the district in which the pupil is enrolled is responsible for paying the cost of tuition, fees and books for the pupil under certain circumstances. This bill provides that 1) the school board is not responsible for payment for more than six credits in any semester, 2) if a student fails to complete a course, the pupil must reimburse the school board for any payments made on the students behalf and 3) pupils participating in the Youth Options program are eligible for WHEG grants.

There is no fiscal impact on the University of Wisconsin System. If additional funding is not provided to the Higher Educational Aids Board, the amount of funding available to current students in the program would be reduced.
