**Assumptions Used in Arriving at Fiscal Estimate**

This legislation will require some minor programming adjustments for the voting equipment (optical scan) used to count 85% of the votes cast in Wisconsin. The voting equipment vendors advise that there is no cost to make these changes because it is part of the programming set up for each election. The sample ballots designed by the State Elections Board will be redesigned to reflect this change. The cost is minimal. There may be some additional time required to tabulate the votes on paper ballots but this is a very small cost.

**Long-Range Fiscal Implications**

There are no long range fiscal implications.
