Acreage ratio for wetland mitigation					

Assumptions Used in Arriving at Fiscal Estimate

Bill Summary: This legislation supports the objection of the Senate Committee on Environmental Resources and the Joint Committee for Review of Administrative Rules to a portion of proposed NR 350 that would allow the Department to grant a variance to reduce the replacement ratio to 1:1 for wetland projects that impact 20 acres or more of wetlands.

Fiscal Estimate: The Department expects no fiscal impact to state or local government associated with this bill. This legislation does not affect the effort needed to review a compensatory mitigation proposal, and will not increase or decrease costs to the Department.

Long-Range Fiscal Implications

None
