Assumptions Used in Arriving at Fiscal Estimate

This legislation makes several changes in campaign finance law. For purposes of this fiscal estimate it is assumed that the law will be in place for the 2002 elections but no additional checkoff money will be available for the 2002 or 2003 elections. For purposes of determining the amount of funding necessary for the WECF grants it is assumed the following number of candidates will qualify for and receive grants:

2002 General		Grant Amount	
Governor	2	1,800,000	
Lt. Governor	2	450,000	
Attorney General	2	730,000	
Secretary of State	0		
State Treasurer	0		
State Senator	10	450,000	
State Representative	75	1,687,500	5,117,500 total

2003 Spring and specials

Supreme Court	2	450,000	
State Senator	2	90,000	
State Representative	4	90,000	630,000 total

This estimate assumes no additional WECF grants will be distributed to counter independent expenditures or excess spending by opponents of candidates that accept a grant. Based on current checkoff levels, the amount projected as available for use in the 2002 and 2003 campaigns is 600,000.

Long-Range Fiscal Implications

This legislation will require ongoing transfers of GPR funding to supplement the funding generated through the taxpayer checkoff.
