ASSEMBLY BILL 510

66.1106 (11), 66.1106 (12), 66.1106 (13) and 73.03 (57) of the statutes; relating to: making technical and policy changes in the tax incremental financing program based on the recommendations of the governor’s working group on tax incremental finance and modifying the environmental remediation tax incremental financing program.

Analysis by the Legislative Reference Bureau

Under the current tax incremental financing (TIF) program, a city or village may create a tax incremental district (TID) in part of its territory to foster development if at least 50% of the area to be included in the TID is blighted, in need of rehabilitation, or suitable for industrial sites. Before a city or village may create a TID, several steps and plans are required. These steps and plans include public hearings on the proposed TID within specified time frames, preparation and adoption by the local planning commission of a proposed project plan for the TID, approval of the proposed project plan by the common council or village board, and adoption of a resolution by the common council or village board that creates the district as of a date provided in the resolution. Another step that must be taken before a TID may be created is the creation by the city or village of a joint review board to review the proposal. The joint review board, which is made up of representatives of the overlying taxing jurisdictions of the proposed TID, must approve the project plan within specified time frames or the TID may not be created. If an existing TID project plan is amended by a planning commission, all of these steps are also required.

Once these steps are accomplished, the city or village clerk is required to complete certain forms and an application and submit the documents to the department of revenue (DOR) on or before December 31 of the year in which the TID is created. Upon receipt of the application, DOR is required to certify the full aggregate value of the taxable property in the city or village, which constitutes the tax incremental base of the TID.

Also under current law, once a TID has been created, DOR calculates the “tax increment base value” of the TID, which is the equalized value of all taxable property within the TID at the time of its creation. If the development in the TID increases the value of the property in the TID above the base value, a “value increment” is created. That portion of taxes collected on the value increment in excess of the base value is called a “tax increment.” The tax increment is placed in a special fund that may only be used to pay back the project costs of the TID. The costs of a TID, which are initially incurred by the creating city or village, include public works such as sewers, streets, and lighting systems; financing costs; site preparation costs; and professional service costs. DOR authorizes the allocation of the tax increments until the TID terminates or 23 years, or 27 years in certain cases, after the TID is created,
whichever is sooner. TIDs are required to terminate, under current law and with one exception, once these costs are paid back, 16 years, or 20 years in certain cases, after the last expenditure identified in the project plan is made or when the creating city or village dissolves the TID, whichever occurs first. Under the exception, which is limited to certain circumstances, after a TID pays off its project costs, but not later the date on which it must otherwise terminate, the planning commission may allocate positive tax increments generated by the TID (the “donor” TID) to another TID that has been created by the planning commission.

This bill makes a number of technical and substantive changes to the TIF program. Among the technical changes, the bill does the following:

1. Prohibits DOR from certifying a tax incremental base of a TID until DOR reviews and approves the findings submitted by the city or village relating to the equalized value of taxable property in the TID and the equalized value of all of the taxable property in the city or village.

2. Allows a representative from a union high school district and a representative from an elementary school district to each have one-half vote on a joint review board.

3. Requires a city or village to provide DOR with a final accounting of TID project expenditures, project costs, and positive tax increments received. If the city or village does not provide this information to DOR within 60 days of the TID’s termination, DOR may not certify the tax incremental base of any other TID in the city or village.

Among the substantive changes, the bill does the following:

1. Provides that, not later than five days after a joint review board submits its decision on a TIF proposal submitted by a city or village, a majority of the members of the board may request DOR to review the objective facts contained in the documents submitted to the board by the city or village. DOR must investigate the specific fact or item that the members believe is incomplete or inaccurate. If DOR finds that the proposal contains factual inaccuracies or does not comply with other statutory requirements, DOR must return the TIF proposal to the city or village for correction and resubmittal.

2. Requires DOR to prepare and update a manual on the TIF program.

3. For a TID that is created on or after the effective date of the bill, the bill increases from seven years to ten years the period during which expenditures related to the TID may be made by the city or village after the TID’s creation. Currently, the ten year period only applies to TIDs created before October 1, 1995, and the seven year period only applies to TIDs created after September 30, 1995.

4. Requires that before a “donor” TID may transfer positive tax increments to another TID, it must have in its special fund sufficient revenues to pay for all incurred or expected project costs. Under current law, the “donor” TID need only have sufficient revenues to pay costs that are due in the current year.

5. Limits the inclusion in a TID of land that has been annexed by the city or village.
6. Prohibits a joint review board from approving a TID proposal unless the board asserts that, in its judgment, the development project described in the TID documents would not occur without the creation of a TID.

7. Provides that an amendment to a TID's boundary may subtract territory from the TID if the subtraction does not remove contiguity from the TID.

8. Allows a city or village to create a standing joint review board that may remain in existence for the entire time that any TID exists in the city or village. The city or village may also disband the standing joint review board. Currently, a joint review board may vote to disband following the approval or rejection of a TID proposal.

9. Specifically requires that an amendment to a project plan requires the same findings by a city or village relating to the equalized value of taxable property in the TID and the equalized value of all of the taxable property in the city or village as is currently required for the creation of a TID.

10. Limits the life of a TID that is predominantly suitable for industrial sites to ten years after the last expenditure in the project plan is made, or a total of 20 years after its creation.

11. Authorizes DOR to impose a fee of $1,000 on a city or village to determine or redetermine the tax incremental base of a TID. The money generated by the fees goes to DOR to pay for staff and administrative service costs related to the TIF program. The bill also creates a new position in DOR to perform auditing related to TIDs.

This bill also modifies the environmental remediation tax incremental financing program. Under current law, the environmental remediation tax incremental financing program permits a city, village, town, or county (political subdivision) to defray the costs of remediating contaminated property that is owned by the political subdivision. The mechanism for financing costs that are eligible for remediation is very similar to the mechanism under the TIF program. If the remediated property is transferred to another person and is then subject to property taxation, environmental remediation tax incremental financing may be used to allocate some of the property taxes that are levied on the property to the political subdivision to pay for the costs of remediation.

A political subdivision that has incurred “eligible costs” to remediate environmental pollution on a parcel of property may apply to DOR to certify the “environmental remediation tax incremental base” of the parcel. DOR is required to certify the environmental remediation tax incremental base if the political subdivision submits to DOR all of the following: 1) a statement that the political subdivision has incurred some eligible costs, together with a detailed proposed remedial action plan approved by DNR that contains cost estimates for anticipated eligible costs, a schedule for the design and implementation that is needed to complete the remediation, and certification from DNR that the department has approved the site investigation report that relates to the parcel; 2) a statement that all taxing jurisdictions with authority to levy general property taxes on the parcel of property have been notified that the political subdivision intends to recover its environmental remediation, costs by using an “environmental remediation tax

increment”; and 3) a statement that the political subdivision has attempted to recover its environmental remediation costs from the person who is responsible for the environmental pollution that is being remediated.

This bill makes technical changes to the environmental remediation tax incremental financing program. These changes include creating a definition of “project expenditures” and a definition of “environmental remediation tax incremental district” (ERTID) that is somewhat similar to the definition of “tax incremental district” under the TIF program; making changes to the definitions of “environmental remediation tax increment,” “environmental remediation tax incremental base,” and “taxable property”; creating procedures for the termination of an ERTID that are similar to the termination procedures for a tax incremental district under the TIF program; requiring that the final report under the program include an independent certified financial audit; requiring that DOR be provided with a final accounting of the ERTID’s project expenditures and the final amount of eligible costs that have been paid for an ERTID; and modifying certain provisions of the program to apply to contiguous parcels of property or land, as well as a parcel of property or land. Also under the bill, if a city or village annexes property from a town that is using an ERTID to remediate environmental pollution on all or part of the territory that is annexed, the city or village must pay to the town that portion of the eligible costs that are attributable to the annexed territory. The city or village, and the town, must negotiate an agreement on the amount that must be paid.

This bill takes effect October 1, 2002.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 20.566 (1) (go) of the statutes is created to read:

20.566 (1) (go) Administration of tax incremental financing program. All moneys received from the fees imposed under s. 66.1105 (5) (a) to pay the costs of the department of revenue in providing staff and administrative services associated with tax incremental districts under s. 66.1105.

66.1105 (2) (f) 1. i. Payments made, in the discretion of the local legislative body, which are found to be necessary or convenient to the creation of tax incremental districts or the implementation of project plans, including payments made to a town
that relate to property taxes levied on territory to be included in a tax incremental
district as described in sub. (4) (gm) 1.

SECTION 3. 66.1105 (2) (f) 2. d. of the statutes is created to read:

66.1105 (2) (f) 2. d. Cash grants made by the city to owners, lessees, or
developers of land that is located within the tax incremental district unless the grant
recipient has signed a development agreement with the city.

SECTION 4. 66.1105 (2) (f) 3. of the statutes is amended to read:

66.1105 (2) (f) 3. Notwithstanding subd. 1., project costs may not include any
expenditures made or estimated to be made or monetary obligations incurred or
estimated to be incurred by the city for newly platted residential development for any
tax incremental district for which a project plan is approved after September 30,
1995, or for which an amendment of a project plan is approved after the effective date
of this subdivision .... [revisor inserts date].

SECTION 5. 66.1105 (3) (g) of the statutes is created to read:

66.1105 (3) (g) Create a standing joint review board that may remain in
existence for the entire time that any tax incremental district exists in the city. All
of the provisions that apply to a joint review board that is convened under sub. (4m)
(a) apply to a standing joint review board that is created under this paragraph. A
city may disband a joint review board that is created under this paragraph at any
time.

SECTION 6. 66.1105 (4) (e) of the statutes is amended to read:

66.1105 (4) (e) At least 30 14 days before adopting a resolution under par. (gm),
holding of a public hearing by the planning commission at which interested parties
are afforded a reasonable opportunity to express their views on the proposed project
plan. The hearing may be held in conjunction with the hearing provided for in par.
(a) Notice of the hearing shall be published as a class 2 notice, under ch. 985. The notice shall include a statement advising that a copy of the proposed project plan will be provided on request. Before publication, a copy of the notice shall be sent by 1st class mail to the chief executive officer or administrator of all local governmental entities having the power to levy taxes on property within the district and to the school board of any school district which includes property located within the proposed district. For a county with no chief executive officer or administrator, notice shall be sent to the county board chairperson.

Section 7. 66.1105 (4) (gm) 1. of the statutes is amended to read:

66.1105 (4) (gm) 1. Describes the boundaries, which may, but need not, be the same as those recommended by the planning commission, of a tax incremental district with sufficient definiteness to identify with ordinary and reasonable certainty the territory included in the district. The boundaries of the tax incremental district may not include any territory that was not within the boundaries of the city on January 1, 2002, unless at least 3 years have elapsed since the territory was annexed by the city, unless the city enters into a cooperative plan boundary agreement, under s. 66.0307, with the town from which the territory was annexed, or unless the city and town enter into another kind of agreement relating to the annexation except that, notwithstanding these conditions, the city may include territory that was not within the boundaries of the city on January 2, 2002, if the city agrees to pay the town an amount equal to the property taxes levied on the territory by the town at the time of the annexation and makes such a payment for each of the next 5 successive years. The boundaries shall include only those whole units of property as are assessed for general property tax purposes. Property standing vacant for an entire 7–year period immediately preceding adoption of the resolution...
creating a tax incremental district may not comprise more than 25% of the area in
the tax incremental district, unless the tax incremental district is suitable for
industrial sites under subd. 4. a. and the local legislative body implements an
approved project plan to promote industrial development within the meaning of s.
66.1101. In this subdivision, “vacant property” includes property where the fair
market value or replacement cost value of structural improvements on the parcel is
less than the fair market value of the land. In this subdivision, “vacant property”
does not include property acquired by the local legislative body under ch. 32 or
property included within the abandoned Park East freeway corridor or the
abandoned Park West freeway corridor in Milwaukee County.

SECTION 8. 66.1105 (4) (gm) 4. c. of the statutes is amended to read:

66.1105 (4) (gm) 4. c. Either the equalized value of taxable property of the
district plus all existing districts does not exceed 7% of the total equalized value of
taxable property within the city or the equalized value of taxable property of the
district plus the value increment of all existing districts within the city does not
exceed 5% of the total equalized value of taxable property within the city. The
calculations required under this subd. 4. c. shall be based on the most recent
equalized value of taxable property of the district that is reported under s. 70.57 (1m)
before the date on which a resolution is adopted under this paragraph.

SECTION 9. 66.1105 (4) (gm) 6. of the statutes is created to read:

66.1105 (4) (gm) 6. Declares that the district is a blighted area district, a
rehabilitation or conservation district, or an industrial district, based on the
identification and classification of the property included within the district under
par. (c) and subd. 4. a. If the district is not exclusively blighted, rehabilitation or
conservation, or industrial, the declaration under this subdivision shall be based on which classification is predominant with regard to the area described in subd. 4. a.

**SECTION 10.** 66.1105 (4) (h) 1. of the statutes is amended to read:

66.1105 (4) (h) 1. Subject to subds. 2., 3. and 4., the planning commission may, by resolution, adopt an amendment to a project plan. The amendment is subject to approval by the local legislative body and approval requires the same findings as provided in pars. (g) and (gm) 4. c. Any amendment to a project plan is also subject to review by a joint review board, acting under sub. (4m). Adoption of an amendment to a project plan shall be preceded by a public hearing held by the plan commission at which interested parties shall be afforded a reasonable opportunity to express their views on the amendment. Notice of the hearing shall be published as a class 2 notice, under ch. 985. The notice shall include a statement of the purpose and cost of the amendment and shall advise that a copy of the amendment will be provided on request. Before publication, a copy of the notice shall be sent by 1st class mail to the chief executive officer or administrator of all local governmental entities having the power to levy taxes on property within the district and to the school board of any school district which includes property located within the proposed district. For a county with no chief executive officer or administrator, this notice shall be sent to the county board chairperson.

**SECTION 11.** 66.1105 (4) (h) 2. of the statutes is amended to read:

66.1105 (4) (h) 2. Except as provided in subds. 3. and 4., not more than once during the 7 years after the tax incremental district is created, the planning commission may adopt an amendment to a project plan under subd. 1. to modify the district’s boundaries by subtracting territory from the district in a way that does not remove contiguity from the district or by adding territory to the district that is
contiguous to the district and that is served by public works or improvements that
were created as part of the district’s project plan. Expenditures for project costs that
are incurred because of an amendment to a project plan to which this subdivision
applies may be made for not more than 3 years after the date on which the local
legislative body adopts a resolution amending the project plan or not more than the
number of years in which expenditures may be made without an amendment to a
project plan as specified in sub. (6) (am), whichever period is longer.

SECTION 12. 66.1105 (4m) (a) of the statutes is amended to read:

66.1105 (4m) (a) Any city that seeks to create a tax incremental district or
amend a project plan shall convene a temporary joint review board under this
paragraph, or a standing joint review board under sub. (3) (g), to review the proposal.
The except as provided in par. (am), the board shall consist of one representative
chosen by the school district that has power to levy taxes on the property within the
tax incremental district, one representative chosen by the technical college district
that has power to levy taxes on the property within the tax incremental district, one
representative chosen by the county that has power to levy taxes on the property
within the tax incremental district, one representative chosen by the city and one
public member. If more than one school district, more than one union high school
district, more than one elementary school district, more than one technical college
district or more than one county has the power to levy taxes on the property within
the tax incremental district, the unit in which is located property of the tax
incremental district that has the greatest value shall choose that representative to
the board. The public member and the board’s chairperson shall be selected by a
majority of the other board members before the public hearing under sub. (4) (a) or
(h) 1. is held. All board members shall be appointed and the first board meeting held
within 14 days after the notice is published under sub. (4) (a) or (h) 1. Additional meetings of the board shall be held upon the call of any member. The city that seeks to create the tax incremental district or to amend its project plan shall provide administrative support for the board. By majority vote, the board may disband following approval or rejection of the proposal, unless the board is a standing board that is created by the city under sub. (3) (g).

**SECTION 13.** 66.1105 (4m) (am) of the statutes is created to read:

66.1105 (4m) (am) If a city seeks to create a tax incremental district that is located in a union high school district, the seat that is described under par. (a) for the school board representative to the board shall be held by 2 representatives, each of whom has one-half of a vote. One representative shall be chosen by the union high school district that has the power to levy taxes on the property within the tax incremental district and one representative shall be chosen by the elementary school district that has the power to levy taxes on the property within the tax incremental district.

**SECTION 14.** 66.1105 (4m) (b) 2. of the statutes is amended to read:

66.1105 (4m) (b) 2. Except as provided in subd. 2m. and subject to subd. 4., no tax incremental district may be created and no project plan may be amended unless the board approves the resolution adopted under sub. (4) (gm) or (h) 1. by a majority vote not less than 10 days nor more than 30 days after receiving the resolution.

The board may not approve the resolution under this subdivision unless the board’s approval contains a positive assertion that, in its judgment, the development described in the documents the board has reviewed under subd. 1. would not occur without the creation of a tax incremental district.

**SECTION 15.** 66.1105 (4m) (b) 2m. of the statutes is amended to read:
66.1105 (4m) (b) 2m. The requirement under subd. 2. that a vote by the board take place not less than 10 days nor more than 30 days after receiving a resolution does not apply to a resolution amending a project plan under sub. (4) (h) 1. if the resolution relates to a tax incremental district, the application for the redetermination of the tax incremental base of which was made in 1998, that is located in a village that was incorporated in 1912, has a population of at least 3,800 and is located in a county with a population of at least 108,000.

**SECTION 16.** 66.1105 (4m) (b) 4. of the statutes is created to read:

66.1105 (4m) (b) 4. Not later than 5 working days after submitting its decision under subd. 3., a majority of the members of the board may request that the department of revenue review the objective facts contained in any of the documents listed in subd. 1. to determine whether the information submitted to the board complies with this section or whether any of the information contains a factual inaccuracy. The request must be in writing and must specify which particular objective fact or item the members believe is incomplete or inaccurate. Not later than 10 working days after receiving a request that complies with the requirements of this subdivision, the department of revenue shall investigate the issues raised in the request and shall send its written response to the board. If the department of revenue determines that the information in the proposal does not comply with this section or contains a factual inaccuracy, the department shall return the proposal to the city. The board shall request that the city resolve the problems in its proposal and resubmit the proposal to the board. The board shall review the resubmitted proposal and vote to approve or deny the proposal as specified in this paragraph.

**SECTION 17.** 66.1105 (4m) (b) 5. of the statutes is created to read:
66.1105 (4m) (b) 5. The board shall notify prospectively the governing body of every local governmental unit that is not represented on the board, and that has power to levy taxes on the property within the tax incremental district, of meetings of the board and of the agendas of each meeting for which notification is given.

SECTION 18. 66.1105 (5) (a) of the statutes is amended to read:

66.1105 (5) (a) Upon Subject to sub. (8) (d), upon the creation of a tax incremental district or upon adoption of any amendment subject to par. (c), its tax incremental base shall be determined as soon as reasonably possible. The department of revenue may impose a fee of $1,000 on a city to determine or redetermine the tax incremental base of a tax incremental district under this subsection.

SECTION 19. 66.1105 (5) (b) of the statutes is amended to read:

66.1105 (5) (b) Upon application in writing by the city clerk, in a form prescribed by the department of revenue, the department shall determine according to its best judgment from all sources available to it the full aggregate value of the taxable property and, except as provided in par. (bm), of the city-owned property in the tax incremental district. The application shall state the percentage of territory within the tax incremental district which the local legislative body estimates will be devoted to retail business at the end of the maximum expenditure period specified in sub. (6) (am) 1. c. if that estimate is at least 35%. Subject to sub. (8) (d), the department shall certify this aggregate valuation to the city clerk, and the aggregate valuation constitutes the tax incremental base of the tax incremental district. The city clerk shall complete these forms, including forms for the amendment of a project plan, and submit the application or amendment forms on or before December 31 of the year the tax incremental district is created, as defined in sub. (4) (gm) 2. or, in
the case of an amendment, on or before December 31 of the year in which the changes
to the project plan take effect.

**SECTION 20.** 66.1105 (5) (c) of the statutes is amended to read:

66.1105 (5) (c) If the city adopts an amendment to the original project plan for
any district **which reduces project costs by subtracting territory from the district or**
which includes additional project costs at least part of which will be incurred after
the period specified in sub. (6) (am) 1., the tax incremental base for the district shall
be redetermined, if sub. (4) (h) 2., 3., or 4. applies to the amended project plan, **either**
by subtracting from the tax incremental base the value of the taxable property that
is subtracted from the existing district or by **adding** to the tax incremental base the
value of the taxable property **and the value of real property owned by the city, other**
than property described in par. (bm), that is added to the existing district under sub.
(4) (h) 2., 3., or 4. or, if sub. (4) (h) 2., 3., or 4. does not apply to the amended project
plan, under par. (b), as of the January 1 next preceding the effective date of the
amendment if the amendment becomes effective between January 2 and
September 30, as of the next subsequent January 1 if the amendment becomes
effective between October 1 and December 31 and if the effective date of the
amendment is January 1 of any year, the redetermination shall be made on that date.

**The With regard to a district to which territory has been added, the tax incremental**
base as redetermined under this paragraph is effective for the purposes of this
section only if it exceeds the original tax incremental base determined under par. (b).

**SECTION 21.** 66.1105 (5) (ce) of the statutes is amended to read:

66.1105 (5) (ce) If the city adopts an amendment, to which sub. (4) (h) 2., 3., or
4. applies, the tax incremental base for the district shall be redetermined, **either** by
subtracting from the tax incremental base the value of the taxable property that is
subtracted from the existing district or by adding to the tax incremental base the
value of the taxable property and the value of real property owned by the city, other
than property described in par. (bm), that is added to the existing district under sub.
(4) (h) 2., 3., or 4., as of the January 1 next preceding the effective date of the amendment if the amendment becomes effective between January 2 and September 30, as of the next subsequent January 1 if the amendment becomes effective between October 1 and December 31 and if the effective date of the amendment is January 1 of any year, the redetermination shall be made on that date.
