2001 ASSEMBLY BILL 79

February 1, 2001 – Introduced by Representatives SCHNEIDER, ZIEGELBAUER, GRONEMUS, BOYLE and WILLIAMS. Referred to Committee on Insurance.

AN ACT to amend 40.51 (8), 185.981 (4t), 185.983 (1) (intro.) and 632.87 (1); and to create 111.91 (2) (qm), 609.71 and 632.87 (6) of the statutes; relating to:
requiring insurers to cover treatment of a condition by an acupuncturist if there
is coverage for treatment of the condition by a physician and prohibiting
collective bargaining by the state with respect to the requirement.

Analysis by the Legislative Reference Bureau

This bill requires insurers, including health maintenance organizations, preferred provider plans, limited service health organizations, and plans provided by the state, to cover the diagnosis and treatment of a condition by an acupuncturist, within the scope of the acupuncturist’s certificate, if diagnosis and treatment of the condition by a physician is covered. Referral to an acupuncturist from a physician is not required for coverage of the acupuncture services.

Current law contains the same coverage requirement for the diagnosis and treatment of a condition or complaint by certain other types of health care providers, including chiropractors, dentists, and optometrists, if there is coverage for the diagnosis and treatment of the condition or complaint by a physician.

The bill also provides that the coverage requirement for acupuncture services under plans provided by the state is not subject to collective bargaining by the state.
For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
