MODIFICATIONS RECEIVED FROM AGENCY

June 6, 2001

MODIFICATIONS RECEIVED FROM AGENCY

June 19, 2001

EXECUTIVE SESSION - POLLING

Moved by Senator Moen that the committee object, in part, to **Clearinghouse Rule 00-091**. The Senate Committee on Health, Utilities, Veterans and Military Affairs objects only to the following part of the proposed modification to Clearinghouse Rule 00-091 which was submitted to the Committee by the Department of Health and Family Services on June 6, 2001.

The language in proposed s. HFS 112.07(2)(u)1.a which states:

“If responding separately, the required crew members shall be simultaneously dispatched for responses to all prehospital emergency transports and intercepts. A single paramedic, licensed registered nurse, licensed physician assistant, or physician performing in the staffing configuration specified in this subdivision paragraph may perform all of the skills authorized under s. HFS 112.04(4) for EMTs-paramedic prior to the arrival of a second paramedic, licensed registered nurse, licensed physician assistant, or physician, as long as arrival of the second paramedic, licensed registered nurse, licensed physician assistant, or physician is expected within a reasonable and prudent time. After the patient has been assessed and stabilized, one EMT-paramedic, licensed registered nurse, licensed physician assistant, or physician may be released by protocol or verbal order from a physician. Transport of the patient may then occur with one EMT-paramedic, licensed registered nurse, licensed physician assistant, or physician and, at a minimum, one EMT-basic. Ambulance services responding with

EMT-paramedics, licensed registered nurses, licensed physician assistants, or physicians from two different locations or who release one EMT-paramedic, licensed registered nurse, licensed physician assistant, or physician after assessment, shall describe in their operational plan how this staffing will take place to ensure a timely response and adequate care.”

Ayes: (7) Senators Moen, Breske, Robson, Erpenbach, M. Meyer, Rosenzweig and Cowles.

Noes: (2) Senators S. Fitzgerald and Lazich.

Absent: (0) None.

OBJECTION RECOMMENDED, Ayes 7, Noes 2, Absent 0

Committee Clerk

Record of Committee Proceedings

Joint Committee for Review of Administrative Rules

Clearinghouse Rule 00-091

Relating to licensing of emergency medical technicians-paramedic and approval of emergency medical technician-paramedic operational plans.

Submitted by the Department of Health and Family Services.

June 21, 2001 Referred to Joint Committee for Review of Administrative Rules.

August 30, 2001 **EXECUTIVE SESSION**

Present: (8) Senators Robson, Grobschmidt, Hansen, Welch, Representatives Grothman, Gunderson, Turner and Hebl.

Absent: (2) Senator Cowles and Representative Seratti.

Moved by Senator Robson, seconded by Representative Hebl, pursuant to section 227.19(5)(d), Stats., and for the reasons specified in sections 227.19(4)(d)2 and 6, the Joint Committee for Review of Administrative Rules objects to part of Clearinghouse Rule 00-091. The committee objects to section HFS 112.07(2)(u)1.a., beginning with the second sentence and continuing to the end of that subdivision paragraph..

Ayes: (6) Senators Robson, Grobschmidt, Hansen, Cowles*, Representatives Turner and Hebl.

Noes: (4) Senator Welch, Representatives Grothman, Seratti* and Gunderson.

EXECUTIVE SESSION/POLLING HELD

Moved by Representative Grothman, seconded by Senator Welch that,

1. The Joint Committee for Review of Administrative Rules rescinds a part of its objection to Clearinghouse Rule 00-091. The original objection was made on August 30, 2001 and was directed to all but the first sentence of proposed s. HFS 112.07 (2) (u) 1. a. The Joint Committee, by taking this partial rescission of its previous action, restores the following language to Clearinghouse Rule 00-091:

A single paramedic, licensed registered nurse, licensed physician assistant, or physician performing in the staffing configuration specified in this paragraph may perform all of the skills authorized under s. HFS 112.04 (4) for EMTs-paramedic.

2. The cochairpersons of the Joint Committee for Review of Administrative Rules will, by written communication to the Department of Health and Family Services, indicate the Joint Committee's desire and expectation that the unobjected to portion of Clearinghouse Rule 00-091 will be promulgated promptly so that, among other things:

a. The provision of paramedic services will be expedited in those areas of Wisconsin currently without such services.

b. A paramedic will be able to provide full paramedic services.

Ayes: (10) Representatives Grothman, Gunderson, Seratti*, Turner and Hebl*; Senators Robson, Grobschmidt, Hansen*, Cowles, and Welch.

Noes: (0)

Motion Carried.

NO PUBLIC HEARING HELD

August 30, 2001 **EXECUTIVE SESSION**

Present: (3) Senators Baumgart, Hansen, and Schultz.

Absent: (2) Senators Wirch and Cowles.

Moved by Senator Baumgart, seconded by Senator Schultz, that the following motion relating to **Clearinghouse Rule 00-164** be adopted:

***SENATE COMMITTEE ON ENVIRONMENTAL RESOURCES
MOTION ON CLEARINGHOUSE RULE 00-164,
RELATING TO WETLAND COMPENSATORY MITIGATION***

The Senate Environmental Resources Committee recommends that the Department of Natural Resources agree to consider modifying Clearinghouse Rule 00-164, relating to wetland compensatory mitigation under s. 227.19 (4) (b) 2., Stats., to do all of the following:

1. Require that off-site mitigation be located as near as practicable to the location of the adversely effected wetland and, rather than within the same department region, within the same department geographic management unit that the project is occurring in, the county that the project is occurring in or an area within a 20-mile radius from the project site (also known as the "compensation search area").
2. Alter the compensatory mitigation sequence in s. NR 350.04 so that if the department determines that a project proponent has demonstrated that it is not practicable or ecologically preferable to conduct an on-site mitigation project, the department shall allow the project proponent to use of any of the following off-site mitigation options:

- a. Purchase of mitigation credits from a bank established prior to the effective date of the rule if the operator of the bank commits to the department, by use of a written memorandum of understanding with the department, to facilitate additional wetland restoration projects at agreed-to locations, within an agreed-to time frame.
 - b. Development of a project-specific mitigation site if the site is located within the same compensation search area, as defined in point #1, as the adversely affected wetland.
 - c. Purchase mitigation credits from a bank established after the effective date of the rule if the site is located within the same compensation search area, as defined in point #1, as the adversely affected wetland.
3. Delete the compensation ratio variance in s. NR 350.06 (3).
 4. Clarify, either through a note to the rule or an amendment to the text of the rule, that, based upon the recently issued report on wetlands mitigation by a committee of the National Research Council, monitoring to determine compliance with performance standards, and management to ensure this compliance, is likely to take more time than the five-year minimum specified in s. NR 350.09 (3) (f) (intro.).
 5. Specify in the rule the minimum requirements for the long-term management plan referenced in ss. NR 350.08 (2) and (3) and 350.09 (1), including information on how the site will be used and maintained, who will be responsible for these activities and the schedule for these activities.
 6. Clarify that the department may require the implementation of some or all of the corrective actions identified in a monitoring report under s. NR 350.09 (3) (f) 8. or other corrective actions identified by the department necessary to improve attainment of the site's performance standards.
 7. Clarify and use consistently throughout the rule the acceptable methods for providing for the long-term protection of compensation and mitigation bank sites. (Section NR 350.11 (1) refers to conservation easements and s. NR 350.12 (3) (e) refers to conservation easements and deed restrictions.)
 8. Clarify that a conservation easement used to provide long-term protection of compensation or mitigation bank sites under s. NR 350.11 (1) must include any zone of vegetated upland adjacent to the wetland identified under s. NR 350.05 (5) and credited under s. NR 350.07 (6).

9. Correct the outdated references in the rule to s. 23.321, Stats. (Section 23.321, Stats., was renumbered to s. 281.37, Stats., by 2001 Wisconsin Act 6.)

Ayes: (5) Senators Baumgart, Hansen, Wirch (Polling),
Cowles (Polling) and Schultz.
Noes: (0) None.
Absent: (0) None.
