The authority may employ, for such compensation as it determines, the services of any financial institution in connection with any loan.

and moderate income, or for the purpose of making housing rehabilitation loans.

History: 1971 c. 287; 1975 c. 221; 1977 c. 418; 1979 c. 361 s. 113; 1981 c. 349; 1985 a. 29; 1987 a. 27, 359; 1991 a. 221; 1995 a. 404; 1999 a. 9.

234.05 Housing development fund; establishment; payments into fund. (1) There is established under the jurisdiction and control of the authority a revolving fund to be known as the “housing development fund”.

(2) There shall be paid into the housing development fund:

(b) Any moneys transferred by the authority to the housing development fund from other funds or sources; and

(c) Any other moneys which may be made available to the authority for the purpose of the housing development fund from any other source.

History: 1971 c. 287.

234.06 Use of moneys held in housing development fund; temporary loans; grants. (1) The authority may, as authorized in the state housing strategy plan under s. 16.31, use the moneys held in the housing development fund to make temporary loans to eligible sponsors, with or without interest, and with such security for repayment, if any, as the authority determines reasonably necessary and practicable, solely from the housing development fund, to defray development costs for the construction of proposed housing projects for occupancy by persons and families of low and moderate income. No temporary loan may be made unless the authority may reasonably anticipate that satisfactory financing may be obtained by the eligible sponsor for the permanent financing of the housing project.

(2) The proceeds of the temporary loan may be used only to defray the development costs of the housing project. Each temporary loan shall be repaid in full by the eligible sponsor to the authority concurrent with the receipt by the eligible sponsor of the proceeds of the permanent financing.

(3) The authority may, as authorized in the state housing strategy plan under s. 16.31, use the moneys held in the housing development fund to establish and administer programs of grants to counties, municipalities and eligible sponsors of housing projects for persons of low and moderate income, to pay organizational expenses, administrative costs, social services, technical services, training expenses or costs incurred or expected to be incurred by counties, municipalities or sponsors for land and building acquisition, construction, improvements, renewal, rehabilitation, relocation or conservation under a plan to provide housing or related facilities, if the costs are not reimbursable from other private or public loan, grant or mortgage sources.

History: 1971 c. 287; 1981 c. 349; 1985 a. 29 ss. 2118, 3202 (14); 1991 a. 39.

234.07 Limited-profit entity; distributions. (1) Except as provided in sub. (2), a limited-profit entity which receives loans from the authority may not make distributions, other than from funds contributed to the limited-profit entity by stockholders, partners, members or holders of beneficial interest in the limited-profit entity, in any one year with respect to a project financed by the authority in excess of 6% of its equity in such project on a cumulative basis. The equity in a project shall consist of the difference between the amount of the mortgage loan and the total project cost. Total project cost shall include construction or rehabilitation costs including job overhead and a builder’s and sponsor’s profit and risk fee, architectural, engineering, legal and accounting costs, organizational expenses, land value, interest and financing charges paid during construction, the cost of landscaping and off-site improvements, whether or not such costs

have been paid in cash or in a form other than cash. With respect to every project the authority shall, pursuant to rules adopted by it, establish the entity's equity at the time of making of the final mortgage advance and, for purposes of this section, that figure shall remain constant during the life of the authority's loan with respect to such project. Upon the dissolution of the limited-profit entity any surplus in excess of the distributions allowed by this section shall be paid to the authority. For this purpose surplus shall not be deemed to include any increase in net worth of any limited-profit entity by reason of a reduction of mortgage indebtedness, by amortization or similar payments or by reason of the sale or disposition of any assets of a limited-profit entity to the extent such surplus can be attributed to any increase in market value of any real or tangible personal property accruing during the period the assets were owned and held by the limited-profit entity.

(2) If a limited-profit entity agrees to provide housing for low-income and moderate-income persons until the end of the maximum term of a mortgage that the limited-profit entity gives the authority, a limited-profit entity that receives a loan from the authority may not make distributions, other than from funds contributed to the limited-profit entity by stockholders, partners, members or holders of a beneficial interest in the limited-profit entity, in any one year with respect to a project financed by the authority in excess of 12% of its equity in the project on a cumulative basis.

History: 1971 c. 287; 1989 a. 346.

"Limited-profit entity" has meaning only with reference to WHEDA's loan to it. The entity terminates when the loan is satisfied and nothing remains to be done except to dispose of what remains in the hands of the entity, the surplus in excess of allowed distributions under sub. (1), which must be returned to WHEDA. *WHEDA v. Bay Shore Apartments*, 200 Wis. 2d 129, 546 N.W.2d 480 (Ct. App. 1996).

The determination of the mortgagor's equity under sub. (1) is set at closing and may not be changed subsequently if additional costs to the owner are discovered. The limitation of distributions beyond 6% of equity prevents distribution of interest on escrowed funds where the limit would be exceeded. *Messner Manor Associates v. WHEDA*, 204 Wis. 2d 492, 555 N.W.2d 156 (Ct. App. 1996).

234.08 Notes and bonds; issuance; status. 234.14 Same; liability of state. The state shall not be liable on notes or bonds of the authority and such notes and bonds shall not be a debt of the state. All notes and bonds of the authority shall contain on the face thereof a statement to such effect.

History: 1971 c. 287.

234.15 Capital reserve funds. (1g) In this section, “capital reserve fund requirement” means, as of any particular date of computation, an amount of money, as provided in the resolutions of the authority authorizing the bonds with respect to which a capital reserve fund is established, which amount shall not exceed the maximum annual debt service on the bonds of the authority for that fiscal year or any future fiscal year of the authority secured in whole or in part by the capital reserve fund.

(1r) The authority shall establish one or more special funds to secure its bonds, referred to in this chapter as capital reserve funds, and shall pay into each such capital reserve fund any moneys appropriated and made available by the state for the purposes of such fund, any proceeds of sale of notes or bonds, to the extent provided in the resolution of the authority authorizing the issuance thereof and any other moneys which are made available to the authority for the purpose of such fund from any other source.

(2) All moneys held in any capital reserve fund, except as otherwise specifically provided, shall be used, as required, solely for the payment of the principal of bonds of the authority secured in whole or in part by such fund or of the sinking fund payments mentioned in this section with respect to such bonds, the purchase or redemption of such bonds, the payment of interest on such bonds or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; but, if moneys in such fund at any time are less than the capital reserve fund requirement established for such fund as provided in this section, the authority shall not use such moneys for any optional purchase

or optional redemption of such bonds. Any income or interest earned by, or increment to, any capital reserve fund due to the investment thereof may be transferred by the authority to other funds or accounts of the authority to the extent such transfer does not reduce the amount of such capital reserve fund below the capital reserve fund requirement for such fund.

(3) (a) The authority shall not at any time issue bonds, secured in whole or in part by a capital reserve fund if upon the issuance of the bonds, the amount in the capital reserve fund will be less than the capital reserve fund requirement of the capital reserve fund, unless the authority, at the time of issuance of the bonds, deposits in the capital reserve fund from the proceeds of the bonds to be issued, or from other sources, an amount which, together with the amount then in the capital reserve fund, will not be less than the capital reserve fund requirement for the capital reserve fund. The annual debt service for any fiscal year is the amount of money equal to the aggregate of all of the following:

1. All interest payable during the fiscal year on all bonds secured in whole or in part by the capital reserve fund outstanding on the date of computation.

2. The principal amount of all bonds described in subd. 1, outstanding on the date of computation which mature during the fiscal year, plus

3. All amounts specified in any resolution of the authority authorizing any of the bonds described in subd. 1, as payable during the fiscal year as a sinking fund payment with respect to any of the bonds which mature after the fiscal year.

(b) The annual debt service calculation made under par. (a) shall be calculated on the assumption that the bonds will after the date of computation cease to be outstanding by reason, but only by reason, of the payment of bonds when due, and the payment when due and application in accordance with the resolution authorizing those bonds, of all of the sinking fund payments payable at or after the date of computation. However, in computing the annual debt service for any fiscal year, bonds considered to have been paid in accordance with the defeasance provisions of the resolution of the authority authorizing the issuance thereof shall not be included in bonds outstanding on the date of computation.

(4) To assure the continued operation and solvency of the authority for the carrying out of the public purposes of this chapter, the authority shall accumulate in each capital reserve fund an amount equal to the capital reserve fund requirement for such fund. If at any time the capital reserve fund requirement for any capital reserve fund exceeds the amount of such capital reserve fund, the chairperson of the authority shall certify to the secretary of administration, the governor and the joint committee on finance the amount necessary to restore such capital reserve fund to an amount equal to the capital reserve fund requirement in respect thereto. If such certification is received by the secretary of administration in an even-numbered year prior to the completion of the budget compilation under s. 16.43, the secretary shall include the certified amount in the budget compilation. In any case, the joint committee on finance shall introduce in either house, in bill form, an appropriation of the amount so certified to the appropriate capital reserve fund of the authority. Recognizing its moral obligation to do so, the legislature hereby expresses its expectation and aspiration that, if ever called upon to do so, it shall make such appropriation.

(5) In computing the amount of any capital reserve fund for the purposes of this section, securities in which all or a portion of such capital reserve fund is invested shall be valued at par, or if purchased at less than par, at their cost to the authority.

(6) Notwithstanding subs. (1r) to (5), the authority, subject to such agreements with noteholders or bondholders as may then exist, may elect not to secure any particular issue of its bonds with a capital reserve fund. Such election shall be made in the resolution authorizing such issue. In this event, subs. (2) and (3) shall not apply to the bonds of such issue in that they shall not be entitled to payment out of or be eligible for purchase by any such fund nor

shall they be taken into account in computing or applying any capital reserve fund requirement.

(1) For the repayment of advances from the state in accordance with the repayment agreements between the authority and the secretary of administration;

234.42 Veterans capital reserve fund. (1g) In this section “veterans capital reserve fund requirement” means an amount

equal to the maximum amount, in any succeeding year, of principal and interest, other than principal and interest for which sinking fund payments are specified in any resolution of the authority authorizing veterans housing bonds of the authority then outstanding, maturing and becoming due in that succeeding year on all veterans housing bonds of the authority then outstanding, except veterans housing bonds due in that succeeding year issued to provide funds for mortgage loans through the purchase of mortgages or mortgage-backed securities guaranteed by the United States or an agency or instrumentality of the United States, plus all amounts specified in any resolution of the authority authorizing veterans housing bonds of the authority then outstanding as payable as a sinking fund payment in such year.

(1s) The authority shall establish the veterans capital reserve fund to secure the veterans housing bonds sold pursuant to s. 234.40, and shall pay into the veterans capital reserve fund any moneys appropriated and made available by the state for the purposes of such fund, any proceeds of sale of bonds, to the extent provided in the resolution of the authority authorizing the issuance thereof and any other moneys which are made available to the authority for the purpose of such fund from any other source.

2. The making of sinking fund payments with respect to veterans housing bonds of the authority.
3. The purchase of veterans housing bonds of the authority.
4. The payment of interest on veterans housing bonds of the authority.
5. The payment of any redemption premium required to be paid when veterans housing bonds are redeemed prior to maturity.

(b) Except for the purpose of paying principal of and interest on veterans housing bonds of the authority maturing and becoming due and for the payment of which other moneys of the authority are not available, and except for making sinking fund payments with respect to veterans housing bonds of the authority and for the payment of which other moneys of the authority are not available, moneys in the veterans capital reserve fund shall not be withdrawn at any time in an amount that would reduce the fund to less than the veterans capital reserve fund requirement. Any income or interest earned by, or increment to, the veterans capital reserve fund due to the investment of the fund may be transferred by the authority to the veterans housing bond redemption fund to the extent it does not reduce the amount of the veterans capital reserve fund below the veterans capital reserve fund requirement.

(3) The authority shall not issue bonds at any time, other than bonds issued to provide funds for mortgage loans through the purchase of mortgages or mortgage-backed securities guaranteed by the United States or an agency or instrumentality of the United States, if the veterans capital reserve fund requirement, after such issuance, will exceed the amount of the veterans capital reserve fund at the time of issuance unless the authority, at the time of issuance of such bonds, shall deposit in the capital reserve fund from the proceeds of the bonds so to be issued, or from another available source, an amount which, together with the amount then in the veterans capital reserve fund, will be not less than the veterans capital reserve fund requirement after such issuance.

(4) To assure the continued operation and solvency of the authority for the carrying out of the veterans housing loan program of this chapter, the authority shall accumulate in the veterans capital reserve fund an amount equal to the veterans capital reserve fund requirement. If at any time the veterans capital reserve fund requirement exceeds the amount of the veterans capital reserve fund, the chairperson of the authority shall certify to the secretary of administration, the governor and the joint committee on finance, the amount necessary to restore the veterans capital reserve fund to an amount equal to the veterans capital reserve

fund requirement. If such certification is received by the secretary of administration in an even-numbered year prior to the completion of the budget compilation under s. 16.43, the secretary shall include the certified amount in the budget compilation. In any case, the joint committee on finance shall introduce in either house, in bill form, an appropriation of the amount so certified to the veterans capital reserve fund of the authority. Recognizing its moral obligation to do so, the legislature hereby expresses its expectation and aspiration that, if ever called upon to do so, it shall make such appropriation.

(5) In computing the amount of the veterans capital reserve fund for the purposes of this section, securities in which all or a portion of the veterans capital reserve fund is invested shall be valued at par, or if purchased at less than par, at their cost to the authority.

Any balance remaining after payment or due provision for pay-

(3) Moneys of the fund may be invested as provided in s. 234.03 (18). All such investments shall be the exclusive property of the fund. All earnings on or income from such investments shall be credited to the fund.

History: 1977 c. 418; 1979 c. 361 s. 113; 1985 a. 29 ss. 3200 (28), 3202 (14).

234.54 Housing rehabilitation loan program capital reserve fund. (1g) In this section, “capital reserve fund requirement” means, as of any particular date of computation, an amount of money, as provided in the resolutions of the authority authorizing the bonds with respect to which the housing rehabilitation loan program capital reserve fund is established, which amount may not exceed the maximum annual debt service on the bonds of the authority for that calendar year or any future calendar year secured in whole or in part by the housing rehabilitation loan program capital reserve fund.

(1r) The authority shall establish the housing rehabilitation loan program capital reserve fund to secure the bonds issued under the authority of s. 234.50, and shall pay into such fund any moneys appropriated and made available by the state for the purposes of such fund, any proceeds of sale of housing rehabilitation bonds to the extent provided in the resolution of the authority authorizing the issuance thereof and any other moneys which are made available to the authority for the purpose of such fund from any other source.

(2) All moneys held in the housing rehabilitation loan program capital reserve fund, except as otherwise specifically provided, shall be used, as required, solely for the payment of the principal of bonds of the authority secured in whole or in part by such fund or of sinking fund payments with respect to such bonds, the purchase or redemption of such bonds, the payment of interest on such bonds or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; but, if moneys in such fund at any time are less than the capital reserve fund requirement established for such fund as provided in this section, the authority shall not use such moneys for any optional purchase or optional redemption of such bonds. Any income or interest earned by, or increment to, the capital reserve fund due to the investment thereof may be transferred by the authority to other housing rehabilitation loan program funds or accounts of the authority to the extent such transfer does not

reduce the amount of the capital reserve fund below the capital reserve fund requirement for the fund.

(3) (a) The authority may not issue bonds, secured in whole or in part by the capital reserve fund if upon the issuance of such bonds, the amount in the capital reserve fund will be less than the capital reserve fund requirement of the capital reserve fund, unless the authority, forthwith upon the issuance of the bonds, deposits in the capital reserve fund from the proceeds of the bonds to be issued, or from other sources, an amount which, together with the amount then in the capital reserve fund, will not be less than the capital reserve fund requirement for the fund. The annual debt service for any calendar year is the amount of money equal to the aggregate of all of the following:

1. All interest payable during the calendar year on all bonds secured in whole or in part by the capital reserve fund outstanding on the date of computation.

2. The principal amount of all bonds described in subd. 1. outstanding on the date of computation which mature during the calendar year.

3. All amounts specified in any resolution of the authority authorizing any of the bonds described in subd. 1. as payable during the calendar year as a sinking fund payment with respect to any of the bonds which mature after the calendar year.

(b) The annual debt service calculation made under par. (a) shall be calculated on the assumption that the bonds will after the date of computation cease to be outstanding by reason, but only by reason, of the payment of bonds when due, and the payment when due and application in accordance with the resolution authorizing those bonds, of all of the sinking fund payments payable at or after the date of computation. However, in computing the annual debt service for any calendar year, bonds considered to have been paid in accordance with the defeasance provisions of the resolution of the authority authorizing the issuance thereof may not be included in bonds outstanding on the date of computation.

(4) (a) To assure the continued operation and solvency of the authority for the carrying out of the public purposes of this chapter, the authority shall accumulate in the capital reserve fund an amount equal to the capital reserve fund requirement for such fund.

(b) If at any time the capital reserve fund requirement for the capital reserve fund exceeds the amount of such capital reserve fund, the chairperson of the authority shall certify to the secretary of administration, the governor and the joint committee on finance the amount necessary to restore such capital reserve fund to an amount equal to the capital reserve fund requirement in respect thereto. If such certification is received by the secretary of administration in an even-numbered year prior to the completion of the budget compilation under s. 16.43, the secretary shall include the certified amount in the budget compilation. In any case, the joint committee on finance shall introduce in either house, in bill form, an appropriation of the amount so certified to the capital reserve fund. Recognizing its moral obligation to do so, the legislature hereby expresses its expectation and aspiration that, if ever called upon to do so, it shall make such appropriation.

(c) Paragraph (b) applies only to bonds issued before December 31, 1983.

(5) In computing the amount of the capital reserve fund for the purposes of this section, securities in which all or a portion of such capital reserve fund is invested shall be valued at par, or if purchased at less than par, at their cost to the authority, adjusted to reflect the amortization of discount or premium paid upon their purchase.

(6) Notwithstanding subs. (1r) to (5), the authority, subject to such agreements with bondholders as may then exist, may elect not to secure any particular issue or series of its bonds with the capital reserve fund. Such election shall be made in the resolution authorizing such issue or series. In this event, subs. (2) and (3) shall not apply to the bonds of such issue or series in that they shall

not be entitled to payment out of or be eligible for purchase by such fund nor may they be taken into account in computing or applying any capital reserve fund requirement.

History: 1977 c. 418; 1981 c. 21; 1995 a. 225; 1997 a. 35.

234.55 Housing rehabilitation loan program bond redemption fund. (1)

The authority shall establish the housing rehabilitation loan program bond redemption fund. All housing rehabilitation loans purchased with moneys from the housing rehabilitation loan fund or notes evidencing loans to lenders from such fund for housing rehabilitation loans shall be the exclusive property of such redemption fund. All moneys received from the repayment of such loans, any amounts transferred by the authority to such fund pursuant to s. 234.52 or from other funds or sources, any federal insurance or guarantee payments with respect to such loans, all moneys resulting from the sale of bonds for the purpose of refunding outstanding housing rehabilitation bonds unless credited to the housing rehabilitation loan program capital reserve fund, and any other moneys which may be available to the authority for the purpose of such fund, shall be deposited into such fund to be used for the repayment of housing rehabilitation bonds issued under the authority of s. 234.50.

234.621 Property tax deferral loans; purpose. The legislature finds that older individuals who have resided in their homes for a substantial period of time have found it difficult to remain in their own homes because their incomes are insufficient to cover property taxes, which have risen as the value of their homes has increased. The legislature finds that it is in the public interest and that it serves a statewide public purpose to create a program whereby lien-creating loans are made to low- and moderate-income elderly homeowners for the purpose, and only for the purpose, of enabling individuals to pay local, general property taxes and special assessments on their homes so that more of these individuals can remain in their homes.

(6) “Program” means the program under ss. 234.621 to 234.626.

(7) “Qualifying dwelling unit” means a dwelling unit, not including a mobile home as defined in s. 66.0435, located in this state, habitable as a permanent residence and to which property taxes or special assessments are, or may conveniently be, allocated and up to one acre of land appertaining to it held in the same ownership as the dwelling unit. For purposes of ss. 234.621 to 234.626, “qualifying dwelling unit” includes a unit in a condominium or in a cooperative or in a multi-unit dwelling with 4 or fewer units, but in all of these 3 cases only the portion of taxes or

234.624 Transfer of interest. If a participant ceases to reside in a qualifying dwelling unit, or if the participant’s total ownership interest in the qualifying dwelling unit is transferred to one or more co-owners in that unit, or if both of these events occur, a co-owner may assume the participant’s account by applying to the authority if the co-owner resides in the qualified dwelling unit. Upon approval of the application, and if the co-owner is 65 years of age or older, the co-owner shall become a participant in the program and shall qualify for program loans. A co-owner who has not attained the age of 65 at the time of application under this section may assume the account of a participant but shall not become a participant or qualify for program loans until the co-owner attains the age of 65.

234.625 Program operation. (1) The authority shall enter into agreements with participants and their co-owners to loan funds to pay property taxes and special assessments on their qualifying dwelling units. The maximum loan under ss. 234.621 to 234.626 in any one year is limited to the lesser of \$2,500 or the amount obtained by adding the property taxes levied on the qualifying dwelling unit for the year for which the loan is sought, the special assessments levied on the dwelling unit, and the interest and penalties for delinquency attributable to the property taxes or special assessments. Loans shall bear interest at a rate equal to the prime lending rate at the time the rate is set, as reported by the federal reserve board in federal reserve statistical release H. 15, plus 1%. The executive director shall set the rate no later than October 15 of each year, and that rate shall apply to loans made in the following year.

(2) The authority shall have all powers under s. 234.03 that are necessary or convenient to the operation of a loan program, including, without limitation because of enumeration, the power to enter into contracts, to pay or be paid for the performance of services, to exercise all rights of a lienholder under subch. I of ch. 779

and to perform other administrative actions that are necessary in the conduct of its duties under ss. 234.621 to 234.626.

(3) The authority shall adopt rules and establish procedures under which applications for loans may be submitted, reviewed and approved; under which repayment of loans are to be obtained; under which disputes and claims are to be settled; and under which records are to be maintained.

(4) The authority shall enter into loan agreements with participants and co-owners who agree to all of the following:

(b) That the loan shall be due and payable upon the occurrence of any of the following events: transfer of the qualifying dwelling unit by any means except upon transfer to a co-owner who resides in the unit and who is permitted to assume the participant's account as provided in s. 234.624, or the death of the participant if the participant is the sole owner, or the death of the last surviving co-owner who owns the qualifying dwelling unit, or upon discovery by the authority that a participant or co-owner has made a false statement on the application or otherwise in respect to the program, or upon condemnation or involuntary conversion of the qualifying dwelling unit, or if a participant ceases to meet the eligibility requirements of s. 234.623 except as provided in sub. (5) or fails to comply with the provisions of par. (d) or, at the participant's or co-owner's election, at any time before any of the events enumerated in this paragraph occurs.

(c) To pay, upon repayment of the loan, interest specified in the loan agreement.

(d) To limit the outstanding liens and judgments on the qualifying dwelling unit to no more than the permitted obligations.

(5) If a participant in the program ceases to meet the eligibility requirements of this section, the authority, rather than demanding repayment under sub. (4) (b), may allow the participant to continue in the program, may allow the participant to continue in the program but be ineligible for additional loans, or may require partial settlement. The authority may also allow co-owners to be added to the loan agreement if, in the judgment of the executive director, the addition of co-owners does not significantly increase the authority's exposure to risk under the loan agreement.

(6) At any time after an application is filed, the authority may verify the correctness of the application and any other information regarding the eligibility of the participant. If the authority finds that at the time a participant received a loan the participant was not eligible under the program, the authority shall notify the participant and may require repayment of the loan as determined by the authority.

(7) The authority, its agents or representatives may examine the books and records of an applicant under this subchapter or other sources of information bearing on the application to verify the information provided by an applicant, may require the production of books, records and memoranda and may require testimony and proof relevant to its investigation. If a person fails to furnish information requested by the authority to verify the correctness of the application, the authority may reject the application.

(9) Upon the making of the initial loan, a nonconsensual statutory lien in favor of the authority to secure payment of the principal, interest, fees and charges due on all loans, including loans made after the lien is filed, to the participant made under ss. 234.621 to 234.626 shall attach to the qualifying dwelling unit in respect to which the loan is made. The qualifying dwelling unit shall remain subject to the statutory lien until the payment in full of all loans and charges. If the authority funds such loans from the proceeds of notes or bonds under s. 234.626, its right under the lien shall automatically accrue to the benefit of the holders of those notes or bonds, without any action or assignment by the authority. When a loan becomes due and payable, the statutory lien hereby conferred may be enforced by the authority or the holders of the notes or bonds or their representative, as the case may be, in the same manner as a construction lien under ss. 779.09 to 779.12, except that neither the participant nor any co-owners

or their personal representatives, successors or assigns shall be personally liable for any deficiency which may arise from the sale. At the time of disbursing the initial loan to a participant, the authority shall record with the register of deeds of the county in which the qualifying dwelling unit is located, on a form prescribed by the authority which shall contain a legal description of the qualifying dwelling unit, a notice of the loan made under ss. 234.621 to 234.626 and the existence of the statutory lien arising therefrom. The register of deeds shall record the notice in the land records and index it in the indexes maintained by the register of deeds. The statutory lien created by this section shall have priority over any lien that originates subsequent to the recording of the notice.

(10) If the property taxes or special assessments are paid, using a loan made under ss. 234.621 to 234.626, after the taxes or assessments are due, the participant shall be liable for interest and penalty charges for delinquency under ch. 74. Subject to sub. (1), the principal amount of loans made under this program may include delinquency charges.

234.626 Loan funding. (1) Loans made or authorized to be made under ss. 234.621 to 234.626 may be funded from the proceeds of notes and bonds issued subject to and in accordance with ss. 234.08 to 234.14 and from the fund under s. 234.165.

(2) The authority may create a system of funds and accounts, separate and distinct from all other funds and accounts of the authority, consisting of moneys received from notes and bonds, all revenues received in the repayment of loans made under ss. 234.621 to 234.626, except as provided in sub. (2m), and any other revenues dedicated to it by the authority. The authority may pledge moneys and revenues received or to be received by this system of funds and accounts to secure bonds or notes issued for the program. The authority shall have all other powers necessary and convenient to distribute the proceeds of the bonds, notes and loan repayments in accordance with its powers under this chapter.

(2m) Revenues received in the repayment of loans made under s. 234.165 shall be paid into the fund under s. 234.165.

(3) The authority may enter into agreements with the federal government, its agencies, agencies or political subdivisions of this state or private individuals or entities to insure or in other manner provide additional security for the loans or bonds or notes issued under this section.

(4) The authority may adopt rules that restrict eligibility in addition to the requirements of s. 234.623 or require the provision of additional security if, in the executive director's judgment, the rules or security are required for the satisfactory issuance of bonds or notes.

(5) Bonds or notes issued for loans under this section shall not exceed \$10,000,000 in principal amount, excluding obligations issued to refund outstanding bonds or notes.

(6) Unless otherwise expressly provided in resolutions authorizing the issuance of bonds or notes or in other agreements with the holders of bonds or notes, each bond or note issued shall be on a parity with every other bond or note issued for the funding of loans under ss. 234.621 to 234.626.

(7) Recognizing its moral obligation to do so, the legislature expresses its expectation and aspiration that, if ever called to do so, it shall make an appropriation to make the authority whole for defaults on loans issued under ss. 234.621 to 234.626.

234.65 Economic development. (1) (a) With the consent of the department of commerce and subject to par. (f), the authority may issue its negotiable bonds and notes to finance its eco-

economic development activities authorized or required under this chapter, including financing economic development loans.

(b) The limits in ss. 234.18 (1), 234.40, 234.50, 234.60, 234.61 and 234.66 do not apply to bonds or notes issued under this section.

(c) The authority may not issue more than \$200,000,000 in aggregate principal amount of bonds and notes under this section, excluding bonds and notes issued to refund outstanding bonds or notes issued under this section.

(d) Section 234.15 does not apply to bonds or notes issued under this section, and any bond or note issued under this section shall contain on its face a statement to that effect.

(dm) The authority has no moral or legal obligation or liability to any borrower under this section except as expressly provided by written contract.

(e) The authority shall employ the building commission as its financial consultant to assist and coordinate the issuance of bonds and notes under this section.

(f) The authority may not issue bonds or notes under par. (a) unless it has contracted to reimburse the department of commerce a sum certain for the department's operating costs in carrying out its responsibilities to effectuate and promote the economic development programs created with the bonding authority in this chapter and its responsibilities under s. 560.03 (17).

(g) In granting loans under this section the authority shall give preference to businesses which are more than 50% owned or controlled by women or minorities, to businesses that, together with all of their affiliates, subsidiaries and parent companies, have current gross annual sales of \$5,000,000 or less or that employ 25 or fewer persons and to new businesses that have less than 50% of their ownership held or controlled by another business and have their principal business operations in this state.

(gm) The authority may not grant a loan in an amount greater than 4% of the amount of bonds and notes authorized under par. (c) for the benefit of a business that, together with all of its affiliates and subsidiaries and its parent company, has current gross annual sales in excess of \$5,000,000.
