### 350.02 Operation of snowmobiles on or in the vicinity of highways.

(1) No person may operate a snowmobile upon any part of any freeway which is a part of the federal system of interstate and defense highways. No person may operate a snowmobile upon any part of any other freeway unless the department of transportation authorizes snowmobile use on that freeway.

(2) (a) No person may operate a snowmobile on any highway except in the following manner or as otherwise authorized by law:

1. Directly across any roadway having fewer than 5 lanes, but only after stopping and yielding the right–of–way to all vehicles approaching on the roadway. Crossings under this subdivision may be made only at a place where no obstruction prevents a quick and safe crossing. For purposes of this subdivision, “obstruction” includes but is not limited to impairment of view and dangerous roadway condition.

2. Directly across a roadway having 5 lanes, in the manner specified in sub. 1., but only if the department of transportation authorizes such a crossing.

3. On any roadway which is not normally maintained for other vehicular traffic by the removal of snow.

4. On the roadway of county or town highways and city or village streets for special snowmobile events authorized under s. 350.04.

5. On highways which have been designated as routes and which are required to be marked.

6. On a portion of the roadway or shoulder of a highway for a purpose of residential access or for the purpose of access from lodging if the town, city or village, within which that portion of the highway lies, enacts an ordinance under s. 350.18 (3) for that portion of the highway. A snowmobile operated on a portion of the roadway or shoulder of a highway under this subdivision shall observe roadway speed limits.

(b) Snowmobiles may be operated adjacent to a roadway with due regard to safety in the following manner:

1. Along U.S. numbered highways, state and county highways at a distance of 10 or more feet from the roadway. Travel upon the median of a divided highway is prohibited except to cross.

2. Along town highways outside of the roadway.

3. During daylight hours travel may be in either direction regardless of the flow of vehicular traffic.

4. At night travel shall conform to the direction of vehicular traffic in the nearest lane unless:

   a. The snowmobile trail is located at least 40 feet from the roadway, or is separated from the roadway by a head lamp barrier; and

   c. The use of the snowmobile trail is approved by the department of transportation with respect to snowmobile trails located near or crossing state trunk highways or by the officer in charge of maintenance with respect to snowmobile trails located near or crossing other highways.

5. Whenever it is impracticable to gain immediate access to an area adjacent to a highway, other than a freeway, where a snowmobile is to be operated, the snowmobile may be operated adjacent and parallel to the roadway for the purpose of gaining access to and from the area of operation. Loading or unloading of the snowmobile shall be accomplished with due regard to safety at the nearest practical point to the area of operation.

6. Snowmobiles traveling adjacent to a roadway shall observe roadway speed limits.

(3) Snowmobiles may be operated for emergency purposes on any highway during a period of emergency when so declared by the governmental agency having jurisdiction.

(3m) A law enforcement officer may operate a snowmobile on a highway in performance of his or her official duties if the snowmobile is equipped with a flashing, oscillating or rotating blue light.

(4) Under no circumstances, except as provided in this section, is a snowmobile to be operated on the main–traveled portion of a highway or on the plowed portion.

### 350.03 Right–of–way.

(1) The operator of a snowmobile shall slow the vehicle to a speed not to exceed 10 miles per hour and yield the right–of–way when traveling within 100 feet of a person who is not in or on a snowmobile except as provided in ch. 346 where applicable.

(2) Subsection (1) does not apply to any of the following:

(a) The operator of a snowmobile on a privately owned roadway facility.

(b) The operator of a snowmobile in a sanctioned race or derby on public land, a highway or a snowmobile trail if the sponsor of the sanctioned race or derby marks the race or derby route or track to warn spectators from entering the route or track. In this paragraph, “public land” does not include the frozen surface of public waters.

**History:** 1971 c. 277; 1991 a. 316; 1997 a. 267.

### 350.04 Snowmobile races, derbies and routes.

(1) Any county, town, city or village may block off the highways under its jurisdiction for the purpose of allowing special snowmobile events. No state trunk highway or connecting highway or part thereof, shall be blocked off by any county, town, city or village for any snowmobile race or derby. Every county, town, city or village shall notify the local police department and the county sheriff’s office at least one week in advance of the time and place of any snowmobile race or derby which may result in any street or
part thereof, of the county, town, city or village being blocked off. Upon such notice, the local police department shall take such measures as it deems appropriate to protect persons and property and to regulate traffic in the designated area and its vicinity on the day of such race or derby.

(2) On state trunk bridges a sidewalk or, if no sidewalk exists, one lane of the bridge may be designated by the town, city or village as a snowmobile route. Towns, cities or villages may adopt ordinances designating highways as snowmobile routes for snowmobile operation, subject to the following limitations:

(a) Snowmobiles shall be operated on the extreme right side of the roadway.

(b) Left turns shall be made as safely as possible from any position depending on snow cover and other prevailing conditions.

(c) Snowmobile operators shall yield right-of-way to other vehicular traffic and pedestrians.

(b) The county, town, city or village shall post the provisions of par. (a) in a conspicuous place, readily accessible to all contestants and spectators, and shall assist in locating and identifying persons responsible for injuries that may occur.

350.055 Safety certification program established. The department shall establish a program of instruction on snowmobile laws, including the intoxicated snowmobiling law, regulations, safety and related subjects. The program shall be conducted by instructors certified by the department. The department may procure liability insurance coverage for certified instructors for work within the scope of their duties under this section. Each person satisfactorily completing this program shall receive a snowmobile safety certificate from the department. The department shall establish by rule an instruction fee for this program. An instructor conducting a program of instruction under this section shall collect the instruction fee from each person who receives instruction. The department may determine the portion of this fee, which may not exceed 50%, that the instructor may retain to defray expenses incurred by the instructor in conducting the program. The instructor shall remit the remainder of the fee or, if nothing is retained, the entire fee to the department. A person who is required to hold a valid snowmobile safety certificate may operate a snowmobile in this state if the person holds a valid snowmobile safety certificate issued by another state or province of the Dominion of Canada and if the course content of the program in such other state or province substantially meets that established by the department under this section.

History: 1971 c. 277.

No owner or other person having charge or control of a snowmobile may knowingly authorize or permit any person to operate the snowmobile if the person is prohibited from operating a snowmobile under s. 350.05, if the person is incapable of operating a snowmobile because of physical or mental disability or if the person is under the influence of an intoxicant.

350.09 Head lamps, tail lamps and brakes. (1) Any snowmobile operated during the hours of darkness or operated during daylight hours on any highway right-of-way shall display a lighted head lamp and tail lamp.

(2) After February 12, 1970, the head lamp on a snowmobile may be of the single beam or multiple beam type, but in either case shall comply with the following requirements and limitations:

(a) The head lamp shall be an electric head lamp and the current shall be supplied by a wet battery and electric generator, by a current-generating coil incorporated into the magneto or by a generator driven directly by the motor by means of gears, friction wheel, chain or belt.

(b) The head lamp shall display a white light of sufficient illuminating power to reveal any person, vehicle or substantial object at a distance of 200 feet ahead.

(c) If the snowmobile is equipped with a multiple beam head lamp, the upper beam shall meet the minimum requirements set forth in par. (b) and the lower most beam shall be so aimed and of sufficient intensity to reveal persons and vehicles at a distance of at least 100 feet ahead.

(d) If the snowmobile is equipped with a single beam lamp, such lamp shall be so aimed that when the vehicle is loaded none of the high intensity portion of the light, at a distance of 25 feet ahead, projects higher than the level of the center of the lamp from which it comes.
(3) After February 12, 1970, the tail lamp on a snowmobile must display a red light plainly visible during darkness from a distance of 500 feet to the rear.

(4) Every snowmobile shall be equipped with at least one brake operated either by hand or by foot, capable of bringing the snowmobile to a stop, under normal conditions, within 40 feet when traveling at a speed of 20 miles per hour with a 150 pound driver on a level, hard-packed snow surface, or capable of locking the track on a level, hard-packed snow surface. The design shall permit simple and easy adjustment to compensate for wear. There shall be no other control linked to the brake which impairs braking operation.

(5) All snowmobiles manufactured after July 1, 1972, and offered for sale or sold in this state shall be equipped with side marker reflectors meeting the visibility requirements of society of automotive engineers standards or reflex material standards in compliance with federal specifications.

(6) No snowmobile shall be manufactured, sold, offered for sale, or operated unless it is equipped with a muffler in good working order, which blends the exhaust noise into the overall engine noise and is in constant operation to prevent excessive or unusual noise.

(7) Every snowmobile manufactured after July 1, 1972, and offered for sale or sold in this state shall be so constructed as to limit total vehicle noise to not more than 82 decibels of A sound pressure at 50 feet, as measured by society of automotive engineers standards. Every snowmobile manufactured after July 1, 1975, and offered for sale or sold in this state shall be so constructed as to limit total vehicle noise to not more than 78 decibels of A sound pressure, as measured by society of automotive engineers standards. No snowmobile shall be modified by any person in any manner that shall amplify or otherwise increase total noise emission above that emitted by the snowmobile as originally constructed, regardless of date of manufacture.

(8) Subsection (7) does not apply to snowmobiles competing in a sanctioned race or derby or to snowmobiles being tested by manufacturers, distributors or dealers on lands under their control.

(8m) No person may operate, offer for sale or sell a snowmobile that is manufactured after May 7, 1994, if the width of the snowmobile exceeds 48 inches.

(9) All snowmobiles competing in a sanctioned race or derby shall be equipped with a device wired into the motor’s electrical system that will shut off the motor if the operator falls from the snowmobile or otherwise leaves the operator’s position. The device shall be capable of being attached to the body of the operator, and shall be so attached when the snowmobile is being operated.

Cross Reference: See also s. NR 6.01, Wis. adm. code.
Operation does not include the act of sitting on a parked snowmobile with its engine off. A person was not negligent per se for failing to have the head and tail lamps illuminated on a snowmobile that was not running at the time of an accident.

350.10 Miscellaneous provisions for snowmobile operation. (1) No person shall operate a snowmobile in the following manner:

(a) At a rate of speed that is unreasonable or improper under the circumstances.

(b) In any careless way so as to endanger the person or property of another.

(c) Without complying with all stop signs, yield signs or other regulatory signs established by rule under s. 350.13 that are located along snowmobile routes, snowmobile trails or other established snowmobile corridors that are open to the public.

(d) In such a way that the exhaust of the motor makes an excessive or unusual noise.

(e) Without a functioning muffler.

(f) On the private property of another without the consent of the owner or lessee. Failure to post private property does not imply consent for snowmobile use. Any other motor–driven craft or vehicle principally manufactured for off–highway use shall at all times have the consent of the owner before operation of such craft or vehicle on private lands.

(g) Between the hours of 10:30 p.m. and 7 a.m. when within 150 feet of a dwelling at a rate of speed exceeding 10 miles per hour.

(h) In any forest, planting area or on public lands posted or reasonably identified as an area of forest or plant reproduction when growing stock may be damaged.

(i) On the frozen surface of public waters within 100 feet of a person not in or upon a vehicle or within 100 feet of a fishing shanty unless operated at a speed of 10 miles per hour or less.

(j) On a slide, ski or skating area except for the purpose of serving the area, crossing at places where marked or after stopping and yielding the right–of–way.

(k) On or across a cemetery, burial ground, school or church property without consent of the owner.

(l) On the lands of an operating airport or landing facility except for personnel in performance of their duties or with consent.

(m) On Indian lands without the consent of the tribal governing body or Indian owner. For purposes of this paragraph, “Indian lands” means lands owned by the United States and held for the use or benefit of Indian tribes, bands, or individual Indians and lands owned by Indian tribes, bands, or individual Indians which are subject to restrictions on alienation. Failure to post Indian lands does not imply consent for snowmobile use. Any other motor–driven craft or vehicle principally manufactured for off–highway use shall at all times have the consent of the owner before operation of such craft or vehicle on private lands.

(2) Subsection (1) (c) does not apply to a person operating a snowmobile on land under the management and control of the person’s immediate family.

History: 1971 c. 219, 277; 1981 c. 79 s. 17; 1983 a. 459; 1987 a. 399; 1997 a. 34.

350.101 Intoxicated snowmobiling. (1) Operation. (a) Operating while under the influence of an intoxicant. No person may engage in the operation of a snowmobile while under the influence of an intoxicant to a degree which renders him or her incapable of safe snowmobile operation.

(b) Operating with alcohol concentrations at or above specified levels. No person may engage in the operation of a snowmobile while the person has an alcohol concentration of 0.1 or more.

(c) Operating with alcohol concentrations at specified levels; below age 19. If a person has not attained the age of 19, the person may not engage in the operation of a snowmobile while he or she has an alcohol concentration of more than 0.0 but not more than 0.1.

(d) Related charges. A person may be charged with and a prosecutor may proceed upon a complaint based upon a violation of par. (a) or (b) or both for acts arising out of the same incident or occurrence. If the person is charged with violating both pars. (a) and (b), the offenses shall be joined. If the person is found guilty of both pars. (a) and (b) for acts arising out of the same incident or occurrence, there shall be a single conviction for purposes of sentencing and for purposes of counting convictions under s. 350.11 (3) (a) 2. and 3. Paragraphs (a) and (b) each require proof of a fact for conviction which the other does not require.

(2) Causing injury. (a) Causing injury while under the influence of an intoxicant. No person while under the influence of an intoxicant to a degree which renders him or her incapable of safe snowmobile operation may cause injury to another person by the operation of a snowmobile.

(b) Causing injury with alcohol concentrations at or above specified levels. No person who has an alcohol concentration of
or more may cause injury to another person by the operation of a snowmobile.
(c) Related charges. A person may be charged with and a prosecutor may proceed upon a complaint based upon a violation of par. (a) or (b) or both for acts arising out of the same incident or occurrence. If the person is charged with violating both pars. (a) and (b) in the complaint, the crimes shall be joined under s. 971.12. If the person is found guilty of both pars. (a) and (b) for acts arising out of the same incident or occurrence, there shall be a single conviction for purposes of sentencing and for purposes of counting convictions under s. 350.11 (3) (a) 2. and 3. Paragraphs (a) and (b) each require proof of a fact for conviction which the other does not require.
(d) Defenses. In an action under this subsection, the defendant has a defense if he or she proves by a preponderance of the evidence that the injury would have occurred even if he or she had not been exercising due care and he or she had not been under the influence of an intoxicant or did not have an alcohol concentration of 0.1 or more.

350.1025 Application of intoxicated snowmobiling law. Except as provided in this section, the intoxicated snowmobiling law is applicable to all property, whether the property is publicly or privately owned and whether or not a fee is charged for the use of that property. The intoxicated snowmobiling law does not apply to the operation of a snowmobile on private land not designated as a snowmobile trail unless an accident involving personal injury occurs as the result of the operation of a snowmobile and the snowmobile was operated on the private land without the consent of the owner of that land.

350.103 Implied consent. Any person who engages in the operation of a snowmobile upon the public highways of this state, or in those areas enumerated in s. 350.1025, is deemed to have given consent to provide one or more samples of his or her breath, blood or urine for the purpose of authorized analysis as required under s. 350.104. Any person who engages in the operation of a snowmobile within this state is deemed to have given consent to submit to one or more chemical tests of his or her breath, blood, or urine for the purpose of authorized analysis as required under s. 350.104.
History: 1987 a. 399.

350.104 Chemical tests. (1) Requirement. (a) Samples; submission to tests. A person shall provide one or more samples of his or her breath, blood or urine for the purpose of authorized analysis if he or she is arrested for a violation of the intoxicated snowmobiling law and if he or she is requested to provide the sample by a law enforcement officer. A person shall submit to one or more chemical tests of his or her breath, blood, or urine for the purpose of authorized analysis if he or she is arrested for a violation of the intoxicated snowmobiling law and if he or she is requested to submit to the test by a law enforcement officer.

(b) Information. A law enforcement officer requesting a person to provide a sample or to submit to a chemical test under par. (a) shall inform the person of all of the following at the time of the request and prior to obtaining the sample or administering the test:
1. That he or she is deemed to have consented to tests under s. 350.103.
2. That a refusal to provide a sample or to submit to a chemical test constitutes a violation under sub. (5) and is subject to the same penalties and procedures as a violation of s. 350.101 (1) (a).
3. That in addition to the designated chemical test under sub. (2) (b), he or she may have an additional chemical test under sub. (3) (a).
(c) Unconscious person. A person who is unconscious or otherwise not capable of withdrawing consent is presumed not to have withdrawn consent under this subsection, and if a law enforcement officer has probable cause to believe that the person violated the intoxicated snowmobiling law, one or more chemical tests may be administered to the person without a request under par. (a) and without providing information under par. (b).

(2) Chemical tests. (a) Test facility. Upon the request of a law enforcement officer, a test facility shall administer a chemical test of breath, blood or urine for the purpose of authorized analysis. A test facility shall be prepared to administer 2 of the 3 chemical tests of breath, blood or urine for the purpose of authorized analysis. The department may enter into agreements for the cooperative use of test facilities.

(b) Designated chemical test. A test facility shall designate one chemical test of breath, blood or urine which it is prepared to administer first for the purpose of authorized analysis.

(c) Additional chemical test. A test facility shall specify one additional chemical test of breath, blood or urine, other than the test designated under par. (b), which it is prepared to administer for the purpose of authorized analysis as an additional chemical test.

(d) Validity; procedure. A chemical test of breath or urine conducted for the purpose of authorized analysis is valid as provided under s. 343.305 (6). The duties and responsibilities of the laboratory of hygiene, department of health and family services and department of transportation under s. 343.305 (6) apply to a chemical test of blood or urine conducted for the purpose of authorized analysis under this section. Blood may be withdrawn from a person arrested for a violation of the intoxicated snowmobiling law by a physician, registered nurse, medical technologist, physician assistant or person acting under the direction of a physician and the person who withholds the blood, the employer of that person and any hospital where blood is withdrawn have immunity from civil or criminal liability as provided under s. 895.53.

(e) Report. A test facility which administers a chemical test of breath, blood or urine for the purpose of authorized analysis under this section shall prepare a written report which shall include the findings of the chemical test, the identification of the law enforcement officer or the person who requested a chemical test and the identification of the person who provided the sample or submitted to the chemical test. The test facility shall transmit a copy of the report to the law enforcement officer and the person who provided the sample or submitted to the chemical test.

(3) Additional and optional chemical tests. (a) Additional chemical test. If a person is arrested for a violation of the intoxicated snowmobiling law or is the operator of a snowmobile involved in an accident resulting in great bodily harm to or the death of someone and if the person is requested to provide a sample or to submit a test under sub. (1) (a), the person may request
the test facility to administer the additional chemical test specified under sub. (2) (c) or, at his or her own expense, reasonable opportunity to have any qualified person administer a chemical test of his or her breath, blood or urine for the purpose of authorized analysis.

(b) Optional test. If a person is arrested for a violation of the intoxicated snowmobiling law and if the person is not requested to provide a sample or to submit to a test under sub. (1) (a), the person may request the test facility to administer a chemical test of his or her breath or, at his or her own expense, reasonable opportunity to have any qualified person administer a chemical test of his or her breath, blood or urine for the purpose of authorized analysis. If a test facility is unable to perform a chemical test of breath, the person may request the test facility to administer the designated chemical test under sub. (2) (b) or the additional chemical test under sub. (2) (c).

(c) Compliance with request. A test facility shall comply with a request under this subsection to administer any chemical test it is able to perform.

(d) Inability to obtain chemical test. The failure or inability of a person to obtain a chemical test at his or her own expense does not preclude the admission of evidence of the results of a chemical test required and administered under subs. (1) and (2).

(4) Admissibility; effect of test results; other evidence. The results of a chemical test required or administered under sub. (1), (2) or (3) are admissible in any civil or criminal action or proceeding arising out of the acts committed by a person alleged to have violated the intoxicated snowmobiling law on the issue of whether the person was under the influence of an intoxicant or the issue of whether the person had alcohol concentrations at or above specified levels. Results of these chemical tests shall be given the effect required under s. 885.235. This section does not limit the right of a law enforcement officer to obtain evidence by any other lawful means.

(5) Refusal. No person may refuse a lawful request to provide one or more samples of his or her breath, blood or urine or to submit to one or more chemical tests under sub. (1). A person shall not be deemed to refuse to provide a sample or to submit to a chemical test if it is shown by a preponderance of the evidence that the refusal was due to a physical inability to provide the sample or to submit to the test due to a physical disability or disease unrelated to the use of an intoxicant. Issues in any action concerning violation of sub. (1) or this subsection are limited to:

(a) Whether the law enforcement officer had probable cause to believe the person was violating or had violated the intoxicated snowmobiling law.

(b) Whether the person was lawfully placed under arrest for violating the intoxicated snowmobiling law.

(c) Whether the law enforcement officer requested the person to provide a sample or to submit to a chemical test and provided the information required under sub. (1) (b) or whether the request and information was unnecessary under sub. (1) (c).

(d) Whether the person refused to provide a sample or to submit to a chemical test.
