***Analysis by the Legislative Reference Bureau***

**POSSESSION OF FIREARMS AND HUNTING BY MINORS**

***Possession of firearms by minors less than 12 years old***

Under current law, a minor who is under 12 years old may not possess a firearm unless he or she is carrying the firearm to or from a class under the hunter education program while accompanied by his or her parent or guardian or unless the minor is using the firearm during the class. Under current law, a minor who is 12 or 13 years old may not possess a firearm unless he or she is accompanied by his or her parent or guardian or is enrolled in a hunter education program and is either carrying the firearm to or from the class or using it during the class. The bill eliminates the specific restrictions concerning firearm possession for minors under 12 years old so that the current restrictions that apply only to minors who are 12 or 13 years old will apply to any minor 13 years old or younger. The bill makes no changes in current law concerning hunting by minors under 12 years old.

***Persons accompanying minors***

Current law requires minors who are 12, 13, 14, or 15 years old to be accompanied by a parent or guardian under certain circumstances when hunting or possessing a firearm. This bill allows the parent or guardian to designate another person who is at least 18 years old to accompany the minor under these circumstances.

***Small game hunting licenses for minors less than 16 years old***

Under current law, a nonresident seeking to hunt small game in this state must be issued a nonresident small game hunting license and must pay a fee that is higher than the fee that a resident pays for a comparable license. Under current law, certain nonresidents either who are in the armed forces and stationed in this state or who are students attending school in this state may be issued a resident small game

**ASSEMBLY BILL 109**

hunting license. Under this bill, a nonresident who is less than 16 years old may be issued a resident small game hunting license if he or she resides in a state that grants this benefit to Wisconsin residents.

***Possession of firearms in schools***

Under current law, a pupil in a public school must be suspended if the school district administrator, principal, or teacher finds that the pupil possessed a firearm while at school or at a school function; and the school board must commence a proceeding to expel the pupil for not less than one year. This bill provides an exemption for pupils who possess firearms in order to participate in the hunter education program.

**EDUCATIONAL PROGRAMS AND CERTIFICATES**

Under current law, any person born on or after January 1, 1993, may not be issued a hunting license unless the person is issued a certificate stating that he or she has completed a hunter education program. Under current law, the Department of Natural Resources (DNR) may recognize hunter education certificates from other states for the purpose of issuing hunting licenses. DNR also recognizes hunter education certificates from other states and provinces for purposes of allowing 14-year-olds and 15-year-olds to hunt and possess firearms. This bill allows DNR to recognize certificates from other states, provinces, and countries for both of these purposes.

Under current law, the hunter education certificate may be used in lieu of a special permit for an antlerless deer only during the deer hunting season immediately following the date on which the certificate was issued. A certificate holder who is under 12 years old during that season is not able to use the certificate as a permit during that season because he or she must be 12 years old to hunt. Under the bill, the certificate may be used during the deer hunting season immediately following the date on which the certificate holder is first eligible to apply for a deer hunting license.

The bill also allows DNR to retain and use unclaimed, seized, or confiscated property, for DNR's educational hunting, fishing, trapping, and other conservation programs.

**MISCELLANEOUS PROVISIONS**

Under current law, proceeds received by DNR from the sales of pelts that are prepared during instruction under the trapper education program established by DNR are deposited in the conservation fund. Under this bill, these proceeds are specifically credited to an appropriation to provide funds for the trapper education program.

The bill also requires certain types of arrow tips be used on crossbows, depending on the type of game being hunted.
