FILING OF CAMPAIGN FINANCE REPORTS

Exemptions from registration and reporting

Currently, any individual who accepts contributions, makes disbursements, or incurs obligations, and any committee or group that makes or accepts contributions, makes disbursements, or incurs obligations, in connection with one or more elections for state or local office or one or more state or local referenda exceeding \$25

cumulatively within a calendar year is potentially subject to requirements to register with the appropriate filing officer and to file campaign finance reports.

~~This bill~~ provides that an individual who accepts contributions, makes disbursements, or incurs obligations or a group that makes or accepts contributions, makes disbursements, or incurs obligations in connection with one or more referenda is not subject to registration and reporting requirements until the individual or group engages in activity exceeding \$100 cumulatively within a calendar year.

The bill also permits an individual or committee to claim an exemption from reporting requirements if the individual or committee does not accept contributions, make disbursements, or incur obligations exceeding \$1,000 cumulatively within a calendar year with respect to an election for state office, and does not accept contributions exceeding \$100 from a single source cumulatively within a calendar year. If an individual or committee does not accept contributions, make disbursements, or incur obligations with respect to an election for any state office but accepts contributions, makes disbursements, or incurs obligations with respect to an election for local office, the bill permits the individual or committee to claim an exemption from reporting requirements only if the individual or committee does not accept contributions, make disbursements, or incur obligations exceeding \$100 cumulatively within a calendar year.

The above changes were included in Act 109.
~~2001 Wisconsin~~
Electronic filing

Currently, reports under the campaign finance law must be filed by certain dates specified by law and must cover time periods specified by law. Candidates for state office or their personal campaign or authorized support committees and other individuals, committees, and groups supporting or opposing candidates for state office or statewide ballot questions file their reports with the state elections board. Each registrant for whom the elections board serves as a filing agency and who or that accepts contributions in a total amount or value of \$20,000 or more during a campaign period, or a biennial period for a registrant other than a candidate or personal campaign or support committee, must file reports with the board electronically. Any registrant who or that files a report electronically must also file a copy of the report recorded on a medium prescribed by the board.

This bill requires each committee that is currently required to file its campaign finance reports electronically to file those reports within 24 hours after a reportable transaction occurs. Under the bill, once a registrant becomes subject to an electronic reporting requirement, the requirement continues to apply until a termination report is filed, regardless of the level of continuing financial activity of the registrant. In accordance with current law, the bill also requires registrants who file electronically to file copies of reports, at the times currently prescribed by law, recorded on a medium prescribed by the board. The change applies effective with reports filed on or after the day on which the bill becomes law.

This change was included in Act 109.
~~2001 Wisconsin~~
Mass media activities

Currently, individuals who accept contributions, organizations that make or accept contributions, and individuals who or organizations that incur obligations or make disbursements for the purpose of influencing an election for state or local office are generally required to register with the appropriate filing officer and to file

financial reports with that officer, regardless of whether they act in conjunction with or independently of any candidate who is supported or opposed.

With certain exceptions, this bill imposes registration and reporting requirements, in addition, upon any individual who and organization that, within 60 days of an election and by means of communications media, makes communication, which includes a reference to a candidate at that election, an office to be filled at that election, or a political party. The bill, however, does not require registration and reporting if the communication is made by a corporation, cooperative, or nonpolitical voluntary association and is limited to the corporation's, cooperative's, or association's members, shareholders, or subscribers.

Act 109 contained similar but not identical provisions.
Special reporting by certain registrants

2001
Wisconsin

Currently, a committee making contributions or a candidate or other individual or committee accepting contributions, making disbursements, or incurring obligations in support of or opposition to a candidate is generally required to file a report no later than the eighth day before a primary or election at which the candidate seeks nomination or election to office. The report must disclose contributions made or accepted, disbursements made, and obligations incurred through the 14th day prior to the primary or election. Currently, if a candidate for state office receives one or more contributions from a single contributor aggregating \$500 or more during the 14-day period preceding an election, the candidate must report to the elections board the information currently required to be disclosed pertaining to contributions received by the candidate no later than 24 hours following receipt of any such contribution or contributions.

This bill requires each candidate at the general or a special election for a major state office (the office of governor, lieutenant governor, attorney general, secretary of state, state treasurer, superintendent of public instruction, justice of the supreme court, state senator, or representative to the assembly) who does not accept a public grant (see below) and who makes any disbursement after the candidate has accumulated cash in his or her campaign depository or has made disbursements in his or her campaign exceeding a combined total of 75% of the amount of the disbursement limitation for the office that the candidate seeks, to file daily reports, by electronic mail or facsimile transmission, with the elections board and with each candidate whose name appears on the ballot for the office in connection with which the disbursement is made. The daily reports may be filed no later than 24 hours after each disbursement is made, and must include the information that is currently required to be reported pertaining to disbursements made by candidates. The daily reports must be filed during the time period beginning with the later of the date of the disbursement that triggers the requirement or the 7th day after the applicable primary election or the date that a primary would be held, if required, and ending with date of the election at which the candidate seeks office.

This bill also creates additional reporting requirements, applicable to certain special interest committees. Under the bill, reporting may be required of any special interest committee, other than a conduit, that ~~intends to receive~~ any contribution, makes any disbursement, or incurs any obligation to make a disbursement (as currently defined) independently of a candidate for the purpose of advocating the

(X)

receives

ASSEMBLY BILL 801

election or defeat of a clearly identified candidate for a major state office at the general or a special election or any applicable primary election. In addition, reporting may be required of any special interest committee, other than a conduit, that ~~intends to receive~~ ^{receives} any contribution, make any disbursement, or incur any obligation to make any other expenditure independently of a candidate for the purpose of making communications, within 60 days of an election and by means of communications media, which include a reference to a candidate at that election, an office to be filled at that election, or a political party. These additional reporting requirements do not apply to communications that are made by a corporation, cooperative, or nonpolitical voluntary association and that are limited to the corporation's, cooperative's, or association's members, shareholders, or subscribers. (X)

Under the bill, the special interest committee must file these additional reports on the 63rd, 42nd, and 21st day prior to the applicable election, and in the case of a special election, on the 21st day prior to that election. The reports must specify the name of each candidate who is supported or whose opponent is opposed and the total amount of contributions to be received, disbursements or other expenditures to be made, and obligations to be incurred for that purpose during the 21-day period following the date on which the report is due to be filed. The bill also requires additional reports to be filed on the 39th and 18th days preceding each general election and the 18th day preceding each special election, itemizing the actual contributions transferred and received, disbursements made, and obligations incurred for the applicable 21-day period.

within 24 hours after a reportable transaction occurs. Act 109 established similar requirements, but required certain reporting to occur before a transaction was permitted to occur.

Currently, where a requirement is imposed under the campaign finance law for filing of a report by a specified date, the requirement may be satisfied by depositing the report with the U.S. postal service no later than the date provided by law for receipt of the report.

This bill permits satisfaction of the filing requirement only by delivering a report to the appropriate filing officer or agency on or before the date provided by law for receipt of the report or by depositing the report with the U.S. postal service no later than the third day before that date.

This change was included in Act 109. 2001 Wisconsin

DISBURSEMENT LIMITATIONS AND INDEPENDENT DISBURSEMENTS

Under current law, disbursement (expenditure) levels are specified for candidates for various state and local offices. These levels become a binding limitation upon any candidate for state office who accepts a state grant from the Wisconsin election campaign fund or who agrees to be bound by the limitation, unless the candidate is opposed by a major opponent who could have qualified for a grant but declines to accept one. A candidate for state office who accepts a grant from the Wisconsin election campaign fund and who agrees to be bound by the disbursement limit applicable to the office which the candidate seeks may receive a grant equal to 45% of that disbursement limit, less certain committee contributions accepted by the candidate, if there are sufficient moneys in the fund to finance the full amount of grants for which candidates qualify.

Current law also imposes registration and financial reporting requirements on committees and individuals making disbursements independently of a candidate in

2001 Wisconsin

ASSEMBLY BILL 801

support of or in opposition to a candidate for a state or local office. One requirement is the obligation of the committee or individual to file reports with the appropriate filing officer within 24 hours of making such a disbursement, if the disbursement is made less than 15 days before a primary or election and if the cumulative amount of such disbursements exceeds \$20.

This bill *does the following:*

1. Revises the current disbursement levels applicable to candidates for the offices shown in the following chart:

Office	Current Level	Proposed Level
Governor	\$1,078,200	\$2,000,000
Lieutenant governor	323,475	500,000
Attorney general	539,000	700,000
Secretary of state	215,625	250,000
State treasurer	215,625	250,000
Supreme court justice	215,625	300,000
State superintendent	215,625	250,000
State senator	34,500	100,000
Representative to the assembly	17,250	50,000

LPS: Turn on the dialing.

Act 109 also increased disbursement levels, but in some cases by different amounts.

2. Increases the total disbursement limitation for a candidate for partisan office at a general or special election whose name appears on the ballot at a primary election, who receives less than twice as many votes at that election as another candidate for the same office within the same party, and who has an opponent at the general or special election who received at least 6% of the votes cast for all candidates for that office at the primary election. Under the bill, the increased disbursement limitation is 120% of the amount provided for the candidate receiving the greatest number of votes for that office. *Act 109 did not include this change.*

3. Creates a biennial cost-of-living adjustment that causes the statutory disbursement levels to be adjusted biennially, beginning in 2004, in accordance with a formula tied to the "consumer price index" determined by the U.S. department of labor. *This change was included in Act 109.*

4. Replaces the provision requiring reports of cumulative independent disbursements exceeding \$20 made later than 15 days prior to a primary or election with a provision that requires cumulative independent disbursements or obligations exceeding \$20 during that period to be so reported. *Act 109 also required reporting of obligations, but subject to a different threshold.*

5. Increases the disbursement limitation of any candidate who accepts a public grant by ~~a) an amount equal to any independent disbursements or independent expenditures other than disbursements made by special interest committees in close proximity to the election for the purpose of making certain mass communications that are made to oppose that candidate, or to support that candidate's opponent, if that amount exceeds 10% of the disbursement limitation for the office that the candidate seeks; b) the total amount of disbursements exceeding the amount of the~~

certain amounts for which matching grants from the Wisconsin election campaign fund are potentially available (see Grant eligibility requirements and amounts below). Act 109 made similar but not identical changes.

ASSEMBLY BILL 801

disbursement limitation for that office made by any opposing candidate who does not accept a public grant; and c) the total amount of contributions intended to be received or received by special interest committees for the purpose of opposing the candidate who accepts the grant or supporting that candidate's opponent.

IT 6. Repeals the procedure by which a candidate who would not otherwise be subject to statutory disbursement limitations may voluntarily agree to comply with these limitations. *Act 109 did not include this change.*

IT 7. Repeals the exemption from disbursement limitations that currently applies to any candidate who accepts a grant from the Wisconsin election campaign fund and who is opposed by a major opponent who could have qualified for a grant but declines to accept one. Under the bill, the candidate accepting the grant remains bound by the applicable disbursement limitations.

Act 109 did not include this change.

CONTRIBUTION LIMITATIONS

Under current law, committees other than political party committees and legislative campaign committees are subject to limitations on the amount of contributions made cumulatively to a particular candidate. A committee may contribute up to \$43,238 to a candidate for statewide office. Current law also limits the cumulative amount of contributions that a committee may make annually to a particular political party, limits the cumulative amount of contributions that a political party may accept annually from a particular committee, and limits the aggregate total of contributions that a political party may accept during any biennium from all committees. Currently, a committee may annually contribute up to \$6,000 to a particular political party, a political party may annually accept up to \$6,000 from a particular committee, and a political party may accept up to \$150,000 in contributions from all committees during any biennium.

This bill establishes specified limitations on committee contributions to candidates for statewide office as follows: a) candidates for governor, \$45,000; b) candidates for lieutenant governor, \$15,000; c) candidates for attorney general, \$25,000; and d) candidates for secretary of state, state treasurer, superintendent of public instruction, or justice of the supreme court, \$10,000. Under the bill, the limitation on committee contributions to a particular political party, and on the annual amount that a political party may accept from a particular committee, is increased to \$18,000, and the aggregate limitation on contributions that a political party may accept during a biennium from all committees is increased to \$450,000.

Under current law, the aggregate contributions accepted by a candidate for state or local office from all committees, when combined with any grant received from the Wisconsin election campaign fund, may not exceed 65% of the disbursement level or limitation for the office that the candidate seeks. In addition, the contributions received by a candidate for state or local office from all committees other than political party or legislative campaign committees, when combined with any grant received from the Wisconsin election campaign fund, may not exceed 45% of the disbursement level or limitation for the office that the candidate seeks. This bill

Act 109 included similar changes, but in some cases specified different amounts.

ASSEMBLY BILL 801

provides instead that the aggregate contributions accepted by a candidate for state or local office from all political party committees may not exceed the following:

<i>Office</i>	<i>Maximum Amount</i>
Governor	\$400,000
Lieutenant governor	100,000
Attorney general	100,000
Secretary of state, state treasurer, justice of the supreme court or superintendent of public instruction	50,000
State senator	24,000
Representative to the assembly	12,000
Any other state or local office	20% of the value of the total dis- bursement level for the office

Act 109 did not include this change, but created other exceptions to this limitation.

In addition, the bill provides that the aggregate contributions received by a candidate for state or local office from all committees other than political party committees may not exceed the following:

<i>Office</i>	<i>Maximum Amount</i>
Governor	\$485,190
Lieutenant governor	145,564
Attorney general	242,550
Secretary of state, state treasurer, justice of the supreme court or superintendent of public instruction	97,031
State senator	15,525
Representative to the assembly	7,763
Any other state or local office	25% of the value of the total dis- bursement level for the office

Act 109 made different changes to amounts of this limitation.

TREATMENT OF LEGISLATIVE CAMPAIGN COMMITTEES

Currently, the adherents of any political party in either house of the legislature may organize a "legislative campaign committee" to support the candidacy of members of their party for legislative office. Committees other than legislative campaign committees and political party committees are generally subject to a limitation upon the contributions that they may make to candidates for legislative office or to political parties. Legislative campaign committees are subject only to overall limitations on the aggregate contributions that may be accepted by a candidate from entities other than individuals.

h P 5: 4780/2

ASSEMBLY BILL 801

This bill eliminates the special status of legislative campaign committees, thus causing them to be treated in the same manner as other special interest committees for the purpose of contribution limitations.

THIS change was included in Act 109.

OTHER CONTRIBUTION RESTRICTIONS

This bill creates the following new prohibitions on contributions:

1. It prohibits contributions to incumbents who are seeking reelection to a partisan state office from the first Monday in January of each odd-numbered year through the enactment of the biennial budget act. The prohibition does not apply to contributions made to an incumbent who is subject to a recall election from the date on which the petition for a recall election is filed until the date of the recall election.

2. It prohibits any committee from making a contribution to any special interest committee. The prohibition does not apply to a committee that is affiliated with a labor organization that transfers a contribution to another committee that is affiliated with the same labor organization.

3. It prohibits an elective state official or personal campaign committee of an elective state official from soliciting a lobbyist or principal (person who employs a lobbyist) to arrange for another person to make a contribution to that official or personal campaign committee or to another elective state official or the personal campaign committee of that official.

Currently, if a registrant receives a contribution, the registrant must deposit the contribution in its campaign depository account no later than the end of the fifth business day commencing after receipt, unless the registrant returns the contribution before that time. A registrant must report the occupation and principal place of employment of any individual who makes any contribution or contributions to a registrant exceeding \$100 in amount or value cumulatively within a calendar year. This bill provides that whenever a registrant receives a contribution in the form of money the registrant must obtain this information from a contributor, if required, before depositing the contributor's contribution in its campaign depository account. Under the bill, if the registrant does not obtain the required information within the period prescribed for making deposits, the registrant must return the contribution.

ACT 109 did not include this change.

CONTRIBUTIONS THROUGH CONDUITS

Currently, if an individual or organization receives a political contribution consisting of money and transfers the contribution to another individual or organization without exercising discretion as to the amount to be transferred and the individual to whom or the organization to which the transfer is made, the contribution is considered to be made by the original contributor for purposes of reporting by the ultimate recipient. The contribution is also treated as an individual contribution for purposes of determining compliance with contribution limitations and qualifying contributions for public grants. The individual or organization making the transfer is called a "conduit" under the law. In most cases, a conduit is required to register and file campaign finance reports unless the conduit does not transfer any contributions to candidates or to personal campaign, legislative campaign, or political party committees.

THIS change was included in Act 109.

Act 09 contained a similar but not identical provision.

Act 109 did not include this change.

ASSEMBLY BILL 801

This bill treats a contribution of money transferred by a conduit as a contribution from the conduit rather than from the individuals contributing to the conduit and applies the same limitations on the amounts of conduit contributions to candidates as apply to committee contributions to candidates. The change does not affect aggregate limitations on the amounts of contributions that candidates may accept from committees.

Act 109 did not include this change.

DISPOSITION OF RESIDUAL OR EXCESS FUNDS

Under current law, residual funds remaining when a person who is required to register under the campaign financing law disbands or ceases incurring obligations, making disbursements, or accepting contributions or excess funds received by a registrant that may not be legally expended may generally be used for any lawful political purpose, returned to the original contributors, or donated to a charitable organization or the common school fund.

This bill allows residual or excess funds to be transferred to the Wisconsin election campaign fund.

This change was included in Act 109.

WISCONSIN ELECTION CAMPAIGN FUND

Sources and uses of funds

Under current law, the Wisconsin election campaign fund is financed through an individual income tax "checkoff." Every individual filing a state income tax return who has a tax liability or is entitled to a tax refund may direct that \$1 of general purpose revenue be transferred to the fund. Individuals filing a joint return may separately choose whether to direct that the \$1 transfer be made. All moneys transferred to the fund are placed in accounts for specified state offices, and candidates for those offices may qualify for grants from the fund to be used for specified campaign expenses. No moneys in the fund may be used for any other purpose.

This bill does the following:

It 1. Increases the amount of the individual income tax checkoff for the Wisconsin election campaign fund from \$1 to \$5, effective for tax returns filed for taxable years beginning on or after January 1 following the day on which the bill becomes law. Under the bill, individuals filing a joint return may separately choose whether to make the \$5 checkoff. The bill also permits individuals to determine whether to designate their checkoffs for a "general account," which is distributed to all candidates who qualify for a grant, or for the account of an eligible political party, which is distributed to all candidates representing that party who qualify for a grant. However, if there are insufficient moneys in these accounts to permit any candidate who qualifies for a grant from receiving the full amount for which the candidate qualifies, the bill provides for the deficiency to be drawn from state general purpose revenue.

Except for the political party checkoff, Act 109 did not include.

It 2. Authorizes the state elections board to set aside an amount not exceeding 5% of the moneys transferred to the Wisconsin election campaign fund in each year, before distributions are made to candidate office accounts, to provide public information concerning the purpose and effect of the fund and the income tax checkoff for the fund. As part of the public information program, the board must prepare an easily understood description of the purpose and effect of the fund and

ASSEMBLY BILL 801

the tax checkoff. The department of revenue is required to include and highlight the description in its income tax preparation instructions related to the tax checkoff.

Act 109 contained similar but not identical provisions.
Grant eligibility requirements and amounts

Under current law, grants from the Wisconsin election campaign fund are available to finance specified campaign expenses of eligible candidates for the offices of state senator, representative to the assembly, governor, lieutenant governor, attorney general, state treasurer, secretary of state, justice of the supreme court, and superintendent of public instruction. To receive a grant, a candidate must file an application with the state elections board no later than the deadline for filing nomination papers. Following the primary election or the date on which a primary would be held, if required, the board determines whether a candidate who applies for a grant meets the following eligibility requirements:

1. If the candidate seeks a partisan state office at a general election, the candidate must have received at least 6% of the total votes cast in the primary and have won the primary. If the candidate seeks a partisan state office at a special election, the candidate must either: a) appear on the ballot or in the column of a political party whose candidate for the same office at the preceding general election received at least 6% of the vote; or b) receive at least 6% of the votes cast at the special election.

2. The candidate must have an opponent in the election.

3. The candidate must receive, during a specified time period, a specified amount through contributions from individuals of \$100 or less. For a candidate for the office of governor, lieutenant governor, secretary of state, state treasurer, attorney general, justice of the supreme court, or superintendent of public instruction, the amount is 5% of the authorized disbursement level for the office which the candidate seeks. For a candidate for the office of state senator or representative to the assembly, the amount is 10% of the authorized disbursement level for the office which the candidate seeks.

Under current law, a candidate for any office who accepts a grant must comply with statutorily prescribed contribution and disbursement limitations, unless at least one of the candidate's opponents who received at least 6% of the votes cast for all candidates for that office at a partisan primary, if a primary was held, does not accept a grant and does not voluntarily agree to comply with the contribution and disbursement limitations for that office. The maximum grant that a candidate may receive is that amount which, when added to all other contributions accepted from sources other than individuals, political party committees, and legislative campaign committees, is equal to 45% of the authorized disbursement level for the office which the candidate seeks. No grants are available to finance campaign expenses in primary elections.

Currently, the elections board must notify the state treasurer that a candidate has qualified to receive a grant as soon as possible after the board is able to determine that the candidate has qualified to receive the grant. The state treasurer then has three business days to transmit the grant to the candidate.

This bill does the following:

ASSEMBLY BILL 801

1. Provides that a candidate for the office of state senator or representative to the assembly must receive contributions equal to only 3% of the authorized disbursement level for the office which the candidate seeks in order to qualify for a grant, but provides that the contributions of \$100 or less from individuals used by a candidate for any state office to determine eligibility for a grant from the Wisconsin election campaign fund must be made by individuals who reside in this state and, in the case of a candidate for legislative office, by individuals at least 50% of whom reside in a county having territory within the district in which the candidate seeks office.

2. Provides that a candidate who applies for a grant may not accept any contribution from any committee other than a political party committee. If the candidate has accepted any contribution from a committee other than a political party committee during the campaign for the office that the candidate is currently seeking, the candidate must return the contribution to the contributor or donate the contribution to a charitable organization or to the Wisconsin election campaign fund or the common school fund before filing an application for a grant. The candidate may, however, later accept a contribution from a committee other than a political party committee if the candidate is determined by the elections board to be ineligible to receive a grant, after the date of that determination.

3. Provides that the maximum grant that a candidate for state office may receive is the lesser of 45% of the authorized disbursement limitation for the office that the candidate seeks, or that amount which, when added to all other contributions accepted by the candidate, is equal to the disbursement limitation for the office that the candidate seeks, unless the candidate qualifies to receive a grant for primary election campaign expenses or a supplemental grant (see below).

4. Permits a candidate who qualifies to receive a grant for a general, spring, or special election campaign, who was opposed at the primary election preceding that election by a candidate whose name appeared on the ballot, and who files double the minimum number of nomination paper signatures currently required for the office that the candidate seeks, to receive a grant to finance specified primary election campaign expenses. This grant, in combination with the grant received by the candidate for the election campaign, is equal to the lesser of 55% of the authorized disbursement limitation for the office that the candidate seeks or that amount which, when added to all other contributions accepted by the candidate, is equal to the disbursement limitation for the office that the candidate seeks, unless the candidate qualifies to receive a supplemental grant (see below).

5. Provides that a candidate who accepts a grant shall receive a supplemental grant in an amount equal to: ~~the total amount of any independent disbursements that are made by special interest committees to oppose that candidate, or to support that candidate's opponent, and of any independent expenditures other than disbursements made by special interest committees in close proximity to the election for the purpose of making certain mass communications to oppose that candidate or to support that candidate's opponent, if the total amount exceeds 10% of the disbursement limitation for the office that the candidate seeks,~~ the total amount of disbursements exceeding the amount of the disbursement limitation for that office

PENALTIES FOR VIOLATIONS

Currently, violators of the campaign finance law are subject to a forfeiture (civil penalty) of not more than \$500 for each violation, except that violators of contribution limitations are subject to a forfeiture of not more than treble the amount unlawfully contributed. In addition, currently, any person who is delinquent in filing a report is subject to a forfeiture of not more than \$50 or one percent of the annual salary of the office for which a candidate is being supported or opposed, whichever is greater, for each day of delinquency. Currently, any person who makes an unlawful contribution is subject to a forfeiture of treble the amount of the unlawful contribution.

This bill provides that if any candidate or committee, other than a conduit, accepts a contribution, makes a disbursement, makes any other expenditure for the purpose of making certain mass media communications (see above) or incurs an obligation to make a disbursement to support or oppose a candidate for a major state office (governor, lieutenant governor, attorney general, secretary of state, state treasurer, state superintendent of public instruction, or justice of the supreme court) without first registering and reporting to the extent required under the bill, the offender is subject to a forfeiture (civil penalty) of not more than \$500 for each day of violation. The bill also provides that if any of these candidates or committees accepts one or more contributions, makes one or more disbursements, or incurs one or more obligations to make disbursements for such a purpose in an amount that is more or less than the amount reported by that candidate or committee:

1. By more than 5% but not more than 10%, the candidate or committee must forfeit four times the amount of the difference.
2. By more than 10% but not more than 15%, the candidate or committee must forfeit six times the amount of the difference.
3. By more than 15%, the candidate or committee must forfeit eight times the amount of the difference.

ASSEMBLY BILL 801**INITIAL APPLICABILITY**

All campaign finance changes under the bill apply to elections held on or after the day on which the bill becomes law.

ELECTIONS BOARD

This bill increases the authorized FTE positions for the board by 1.0 GPR campaign finance investigator position and 1.0 GPR auditor position.

This change was included in Act 109.
**OFFICIAL ACTION IN RETURN FOR PROVIDING
OR WITHHOLDING THINGS OF VALUE**

Currently, no person may offer or give to a state public official, including a member of the legislature, directly or indirectly, and no state public official may solicit or accept from any person, directly or indirectly, anything of value if it could reasonably be expected to influence the state public official's vote, official actions, or judgment, or could reasonably be considered a reward for any official action or inaction on the part of the state public official.

This bill provides, in addition, that no state or local public official holding an elective office may, directly or by means of an agent, give, or offer or promise to give, or withhold, or offer or promise to withhold, his or her vote or influence, or promise to take or refrain from taking official action with respect to any proposed or pending matter in consideration of or upon condition that any other person make or refrain from making a political contribution, or provide or refrain from providing any service or other thing of value, to or for the benefit of a candidate, a political party, any other person who is subject to a registration requirement under the campaign finance law, or any person making a mass communication that contains a reference to a clearly identified state or local public official or a candidate for state or local public office.

Violators are subject to a forfeiture (civil penalty) of not more than \$5,000 for each violation, and are also subject to a forfeiture in an amount equal to the amount or value of any political contribution, service, or other thing of value that was wrongfully obtained, or if no political contribution, service, or other thing of value was obtained, an amount equal to the maximum contribution that an individual is permitted to make to a candidate for the office sought or held by the official, whichever amount is greater. Intentional violators are guilty of a misdemeanor and are subject to a fine of not less than \$100 nor more than \$5,000 or imprisonment in the county jail for not more than one year or both.

The bill also provides that, if the ethics board refuses or otherwise fails to authorize an investigation or a district attorney fails to initiate a prosecution with respect to any violation of the prohibition created by the bill within 30 days after receiving a verified complaint alleging such a violation, the person making the complaint may bring a lawsuit to recover a forfeiture on behalf of the state. If the person making the complaint prevails, the bill provides that the court may require the defendant to pay the complainant's attorney fees and costs, but any forfeiture recovered must be paid to the state. If the court finds that a lawsuit was frivolous, the court must award fees and costs to the defendant. The bill provides that no complaint alleging a violation of the prohibition contained in the bill may be filed during the period beginning 120 days before a general or spring election or the date that a special election is ordered and ending on the date of that election against a

candidate who files a declaration of candidacy to have his or her name appear on the ballot at that election.

This change was included in Act 109.

NONSEVERABILITY

Currently, if any part of an act is found by a court to be invalid, those parts that are valid are severed from the invalid part and the severed parts continue in force. This bill provides that, ~~if any part of the bill relating to the reporting of disbursements by candidates who decline to accept public grants and the provision of supplemental grants to candidates who are opposed or whose opponents are supported by those disbursements is unconstitutional, then the entire bill is void.~~

~~In addition, the bill provides that if any of the following parts of the bill is unconstitutional, then all of the following parts are void: a) parts relating to the reporting of independent expenditures for mass communications; b) parts relating to the provision of supplemental grants to candidates who are opposed or whose opponents are supported by such independent expenditures or by independent disbursements that are reportable under current law; c) parts relating to the reporting of contributions received or intended to be received for the purpose of making such independent expenditures or independent disbursements; and d) parts relating to the provision of supplemental grants to candidates who are intended to be opposed or whose opponents are intended to be supported through the use of such contributions.~~
