Chris,

The Assembly adopted Assembly Amendment 1 (LRBa0561), offered by Rep. Sykora, last session. Would you like me to incorporate that amendment into the bill draft?

2003

2001 ASSEMBLY BILL 361

April 30, 2001 - Introduced by Representatives SYKORA, PETROWSKI, FREESE, GUNDERSON, KEDZIE, KREIBICH, MILLER, OWENS, OTT, PETTIS, PLOUFF, SERATTI, STARZYK, TOWNSEND, VRAKAS and WADE, cosponsored by Senators BRESKE, HARS DORF, SCHULTZ and ZIEN. Referred to Committee on Agriculture.

REGEN

1 AN ACT to amend 29.736 (1) (b), 95.60 (3m) and 95.60 (4s) (c); and to repeal and
2 recreate 95.60 (3) of the statutes; relating to: the requirement that operators
3 of fish farms provide evidence of fish health and granting rule-making
4 authority.

Analysis by the Legislative Reference Bureau

* Current law requires a person who operates a fish farm to register annually the fish farm with the Department of Agriculture, Trade and Consumer Protection (DATCP). Current law also requires the operator of a fish farm to obtain annually a fish health certificate for any fish eggs present or any fish reared on the fish farm, except that an operator who does not sell, distribute, or release live fish or fish eggs may rely on the health certificate of the person from whom the operator obtained fish or fish eggs.

This bill eliminates the requirement to obtain a fish health certificate. The bill authorizes DATCP to promulgate rules that require a fish farm operator to provide any evidence of fish health that the department determines is necessary. DATCP

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
