

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-2178/1dn
DAK:wlj:cph

April 17, 2003

To Senator Risser:

I have made several very minor changes to this bill; the most notable are the creation of the defined term "prescription" under s. 156.01 (12), and a restructuring of s. 156.07 (1) and (2) (intro.) to ensure that the attending physician makes the determinations as required under that section.

Please let me know if I can further assist you with this draft.
