LEGISLATIVE REFERENCE BUREAU

LRB-2700/1dn
RPN:jld:rs

May 13, 2003

The Wisconsin Supreme Court has struck down as unconstitutional the recent retroactive application of increases in the medical malpractice maximum recovery for the loss of society and companionship. *See Neiman v. American National Property & Casualty Co.*, 2000 WI 83, 236 Wis 2d 411, and *Schultz v. Natwick*, 2002 WI 125, 257 Wis 2d 19. This draft includes such a retroactive applicability, which the court may also find unconstitutional.
