Subject									
Allow counties to participate in municipal revenue sharing									

Assumptions Used in Arriving at Fiscal Estimate

The bill changes "municipality" to "political subdivision" which will permit counties to also enter into revenue sharing agreements. Since the agreements can relate to consolidated and shared services, they offer a potential for less costs through shared resources. However, the fiscal impact is indeterminate as it is unknown how many counties will enter into such agreements.

Long-Range Fiscal Implications

Potential cost savings.
