I don't see this change to 24 hrs. for design change reports, per this email,

Hi Aaron,

Don and I agree that although the specific point was not addressed, for consistency with the spirit of providing advance public access to reports, etc., it should be 24 hours for design change materials and documents, as it is for the others.

Pam S.

Sorry I didn't catch this yesterday. Pls call me ASAP

I am basically finished drafting the amendment, but have one detail of which I am not quite certain where we ended up. Can anybody clarify this: If DOT has to submit a report under the new sub. (2m) re design changes, and the TPC advises it will schedule a public hearing, should the materials and documents that DOT prepares for the public hearing be publicly available 24 hrs. before the hearing (per the revised par. (b) on p. 3 of LRBa2408) or on the day of the public hearing (per par. (d) on p. 3 of LRBa2408)? My understanding was that it would be the day of the hearing (ie that we were leaving the substance of par. (d) alone) but I'm not positive about this. Can anybody help me out? thanks. Aaron
