Analysis by the Legislative Reference Bureau

This bill requires the Department of Commerce to create a website that allows access to information concerning every economic development program available in this state. In addition, the department must develop a website template which chambers of commerce in this state may customize to meet the needs of the areas that they serve and which is directly linked to a statewide data base.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
